Acheson Back From Brussels Defense Parley

Secretary Reports North Atlantic Pact Nations In Agreement

By JOHN A. REICHMANN
(I. N. S. Staff Correspondent)

WASHINGTON, Dec. 21.—Secretary of State Acheson arrived home this morning from Brussels and declared that creation of a Western Europeanpean army "is the only way we can possibly" achieve world peace.

Acheson told newsmen as he descended from the presidential plane Independence at Washington National Airport that his meeting with North Atlantic defense and foreign ministers was "very successful."

Acheson brought with him the full story of the historic Brussels meeting, which agreed to set up an armed force of as much as 1,500,000 men to meet the Kremlin's hunger for world conquest.

The secretary said:

Can Get Working

"Now we can get squared away and get this thing working."

Acheson, met by Deputy Undersecretary of State for Political Affairs Dr. H. Freeman Matthews and a host of lesser department officials, refused to comment on a speech by former President Her-

Hospital Nurses Chorus Sings Carols

—New Castle News Photos

Twenty-four young student nurses at the Jameson Memorial hospital, composing a chorus, which has been trained and directed by David W. Rees, well known local chorister, sang carols for the patients who are confined in the hospital, Wednesday evening.

The group assembled in the lobby of the hospital, and after singing a group of numbers, proceeded to the children's ward, on the first floor, after which they proceeded to the fourth floor, and in turn, visited each floor on their way back down to the lobby.

They sang at the ends of each hall, cheering the patients with their rendition of Christmas favorites. The "Jingle Bells" song was made more realistic with several sets of sleigh bells.

Those who participated in the event, along with Mr. Rees, the leader, were: Roselyn Amon, Leora Call, Mary Elizabeth Camp-

Price Control Proposals Are Under Attacks

Top Mobilization Officials Called Before Congress

By PHILLIPS J. PECK
(I. N. S. Staff Correspondent)

WASHINGTON, Dec. 21.—The government's price control efforts are under heavy fire from all sides today and headed for a thorough congressional going over.

The Senate-House "watchdog" committee on economic controls summoned the administration's three top mobilization officials for a hearing tomorrow on the whole price-wage picture.

It will hear from Charles E. Wilson, director of the Office of Defense Mobilization; Alan Valentine, head of the Economic Stabilization Agency, and Price Controller Michael V. Disalle.

Compulsory Freeze

Congressional sources said there is strong sentiment in the committee for a compulsory general freeze on the grounds that the government's program of voluntary standards and selective ceilings will do no good.

At the same time, the economic stabilization chief, requested 250 major companies to give him at least seven days notice of any future price boosts. He made the request to firms producing textiles, home appliances and other products generally in common use.

Thus far Valentine has "frozen" automobile prices at December 1 levels, asked other businessmen voluntarily to hold prices at that point and requested the federal wage control board to draft an accompanying wage stabilization program.

Death Menace Increasing In Philadelphia

Phantom Sniper Continuing His Mystery Shootings

PHILADELPHIA, Dec. 21.—(INS)—Fear of unseen death mounted in Philadelphia today among citizens shocked by another nocturnal strike by a phantom sniper who mocked the greatest manhunt in the city's history.

In the second ambush shooting of the day, 16-year-old George Haller was wounded in the left shoulder last night as he strolled along a street in the Frankford section of North Philadelphia.

The boy was released after treatment at Episcopal hospital. He was the victim of the 13th shooting in six weeks.

Latest Foray

The latest foray by the "mad gunman" occurred nearly five miles from the Oak Lane home where Mrs. Claire Cohen was fatally shot while washing dishes last Saturday night.

Earlier yesterday Richard C. Lavery, 54, a Republican committeeman, fell critically injured by a bullet from a sniper on a South Philadelphia sidewalk.

Thus virtually every section of Philadelphia and parts of adjacent Montgomery county have now become the grim nightly "beat" of the cunning gunman.

Service of thousands of members of the Veterans of Foreign Wars in the spectacular manhunt have been offered to authorities by J. Howard Berry, commander of the VFW Philadelphia council.

Berry urged Public Safety Director Samuel H. Rosenberg to "swear in as many members of the VFW as needed as auxiliary policemen."

Rail Dispute Settlement Is Reached Today

(BULLETIN)

WASHINGTON, Dec. 21.—(INS)—The White House today announced a three-year railroad "peace pact" which provides wage boosts for 300,000 workers and bars any strikes by the big operating brotherhoods before October, 1953.

Presidential Assistant John R. Steelman disclosed the agreement after a 24-hour bargaining session which lasted through last night.

The settlement provides a package increase of 29 cents an hour for yard men and 10 cents an hour for road men plus automatic increases for both classes of workers when the cost of living rises.

The agreement, which still is subject to ratification by the union negotiating committees, applies to the brotherhoods of engineers, firemen, trainmen and conductors —the men who actually operate the nation's far-flung railroad system.

The settlement ends a railroad wage dispute which began 22 months ago and led to government seizure and Army operation of the carriers last August and a recent pre-Christmas strike which threatened to impede the defense effort.

Huge Force Of Reds Besieges Hungnam Area

Enemy Troops In Huge Concentration North Of Seoul

By LEE FERRERO
(I. N. S. War Correspondent)

SEOUL, Dec. 22—(Friday)—The last bridge leading into Hungnam was blown up Thursday by American troops as they withdrew across the Tonchu river to tighten their northeast Korean beachhead against 11,000 besieging Communists.

From the emblattled little coastal pocket, International News Service War Correspondent Irwin Tress reported shortly after midnight Thursday (10 a.m. EST) that the demolished bridge was only three miles north of the center of Hungnam.

Far to the south, meanwhile, a giant buildup of North Korean troops five miles north of the 38th parallell and 36 miles above Seoul portended a possible major Red drive against the South Korean capital.

Blast Transport Hubs

To impede an avalanche of fresh Chinese and Korean Communist forces moving down toward the parallel, 50 American Superforts from bases in Japan and Okinawa blasted eight North Korean transport hub Thursday.

Striking simultaneously at about noon, the big B-29s rained hundreds of tons of bombs upon the rail-highway junctions for an hour and 13 minutes. The bombed centers lay astride the principal traffic routes from Manchuria's Yalu river border down the Korean peninsula.

Additional hundreds of Red troops moving toward the front were stricken down by U. S. Fifth Air Force light bombers and fighters during the day.

A 36-hour Communist onslaught 45 miles northeast of Seoul and 10 miles south of the parallel was

Philadelphia Man Is Shot As Holdup Trio Gets $10,000

(BULLETIN)

PHILADELPHIA, Dec. 21.—(INS)—Three young men shot the proprietor of a northeast Philadelphia check cashing agency today and fled with an estimated $10,000 to $15,000.

The victim, Everett Brown, 52, was taken to Episcopal hospital, where he was reported in serious condition with a bullet wound in the chest.

Police said Brown was sitting in the kitchen of his combined luncheonette and check cashing agency when he shaw three men enter and start to struggle with his wife, who was behind the money counter.

Brown rushed into the front room, police added, and was met by a blast of revolver fire.

The trio, who were described as about 25 to 30 years old, then scooped up the cash and fled in an automobile which police believe had been stolen earlier.

Detectives said the exact amount of money taken could not be determined immediately. The Brown establishment is located in a heavily industrialized area and Mrs. Brown said a large amount of money was on hand in preparation for the cashing of pre-Christmas factory checks.

PA NEWC OBSERVES

Joe Fracul, City Recreation board, reported today skaters are enjoying the Mahoning Avenue ice rink. He flooded the rink night before last and many skaters are using the rink, he added.

* * *

Some are disputing whether winter actually makes its debut today or tomorrow. Some weather forecasters are considering December 21 the first day of winter, but according to the 1950 edition of World Almanac, winter officially arrived on Friday, Dec. 22, at 5:14 a. m. At any rate, the local area has experienced an unusual fall.

* * *

Ice skaters making use of isolated ponds should make certain that the ice is of sufficient strength to bear the weight of the skaters, and also that there are two or more in the party in case of accident. Additional members will be able to summon aid if such is needed.

* * *

Pa Newc noted today that there are a number of sidewalks in the downtown business district which are in a very dangerous condition for pedestrians. Some walks appear not to have been cleaned off at all following recent snows, while others have just been given a lick and a promise, with the result that there are large icy patches which are very slippery. With salt as cheap as it is, there is scant excuse for this condition existing.

* * *

Driving on some of the county highways is becoming rather precarious, Pa Newc noted yesterday. Although the snow has been cleaned off most of the highways, alternate freezing and thawing at the sides of the road, has left a sort of curb at the side of the road, and when a car strikes against it, the car is thrown back out onto the highway. Motorists should take cognizance of this fact, and drive slowly when passing another vehicle to avoid the danger of a serious accident.

Barbed Wire Wreath Is Sent To Stalin

BERLIN, Dec. 21 — (INS) — A group of German anti-Communists sent Joseph Stalin a birthday present of a different sort today— a huge wreath made of barbed wire and emblazoned with a letter "F" for freedom.

An accompanying letter to the Soviet dictator on his 71st birthday said:

"This wreath is being sent in the name of all those oppressed peoples condemned to silence. It will show you the real conditions in the lands which you rule."

Whether the sardonic gift will be delivered to Stalin is problematical.

Hoover Urges United States Be 'Armed To The Teeth'

NEW YORK, Dec. 21.—(INS)—Former President Herbert Hoover urged last night that the United States "arm to the teeth" and fortify the Americans as the "Gibraltar of western civilization."

He declared that the United States will not fall in the defense against Communist assault "even if we have to stand alone."

Mr. Hoover declared that the hemispheric fortress is essential because of disunity in non-Communist Europe and United Nations indecision. It could be made impregnable, he said, by holding the Atlantic and Pacific oceans with the island outposts of Britain, Japan, Formosa and the Philippines.

'Inviting Another Korea'

The defense of Europe against communism, the former president said, rested primarily on the European nations themselves. He warned it would be "inviting another Korea" to send more troops or money before the Western European nations armed them-

If Christmas doesn't come right soon, a lot of little tads know seem certain they will soon explode, there's four whole evenings yet to go. They listen in the stilly night for bells and reindeer clopping hooves, and wonder if those creaking sounds are Sant's footsteps on the rooves. Their appetites are slight just now, excitement fills them and I'd say, that Christmas better come right soon, it's 30 today.

House Postpones To New Year's Action On Truman War Powers

WASHINGTON, Dec. 21.—(INS)—The House today postponed until New Year's Day action on President Truman's request for additional war powers.

The decision not to call the measure up this afternoon as scheduled was announced by Rep. Celler (D) N.Y., chairman of the House Judiciary committee.

Celler told newsmen that the postponement was decided upon as a result of difficulty in obtaining a quorum of members needed to transact business. Only 175 members answered to a quorum call when the House met at 11 a.m. EST.

The president had requested restoration of wartime authority granting him the right to reshuffle executive agencies, create new war agencies, and re-negotiate defense contracts.

The leadership decided that even if a quorum could be obtained, it would be difficult to hold a majority until the bill was finally acted upon due to strenuous opposition to the measure.

Some members, although present, failed to answer to their names when the roll was called in an effort to prevent the war powers bill from coming up.

ACHESON BACK FROM BRUSSELS PARLEY

(Continued from Page One)

bert Hoover advocating the withdrawal of American forces from Korea.

Told about the Hoover address, the secretary declared:

"I'll have to read it."

Acheson also declined all comment on the latest Republican demand for his ouster.

A newsman asked Acheson, "by what degree has your Brussels meeting improved the chances of world peace?"

Acheson replied:

'Only Way To Do It'

"This is the only way we can possibly do it."

The dapper secretary of state appeared more refreshed than reporters had expected. However, he reported that his plane ran into rough weather on the trip from Europe and said Western Europe was severely "fogged in" just before he took off.

Acheson was then asked how the political weather was in Western Europe. He replied that his meeting with the North Atlantic Treaty powers was "Successful . . . very successful."

Acheson will be able to report to the president the unanimity of the pact foreign and defense ministers in selection of Gen. Dwight D. Eisenhower as supreme commander of the anti-Communist force, at least in its formative period.

But, perhaps more important, he will be able to tell Mr. Truman whether there was any lack of unanimiy on other matters, and what the powers think of their ability to contain Communist aggression.

To Give Opinions

At the conference Acheson met and talked personally with the foreign ministers of the 11 Atlantic Pact nations. He will be able to give the president opinions of the foreign leaders, as well as intelligence they may have furnished him.

After meeting with Mr. Truman, the secretary is expected to go to Capitol Hill to brief congressional foreign affairs leaders on the Brussels conference, and then he probably will make a public statement on the meeting.

The Brussels agreement regarded as most likely to cause repercussions is that including German combat teams in the western defense force.

Russia May Act

There has been no sure indication that the Bonn government will consent to such a scheme. But there has been ample warning from behind the iron curtain that the Communists fear it. They have even made implied threats that they will do something about it.

While some sources feel this may be pure propaganda sabre-rattling, others fear that it may be a tipoff to early Russian aggression. The latter argue that Russia is likely to make some move before Europe has a real army because not to do so would make the continent sure against aggression.

Lack of Soviet action, putting the Communist group at less than an overwhelming advantage militarily, also, it is argued would cause Moscow to lose great prestige among the satellites.

Catching Up On Garbage Collection

Complete round of the city has been made by the garbage collection department, according to health director R. I. Davis. This is the first complete round since November 25 when the garbage workers stopped collecting garbage and shovelled snow. Two of the seven trucks ordinarily in use are undergoing repairs.

selves with "such huge numbers as would erect a sure dam against the Red flood."

He voiced hope for a "maximum of cooperation" with the British commonwealth but criticized Britain for "flirting with the appeasement of Communist China."

His speech won general Republican applause in Washington today but some Democrats criticized it as an invitation to the Communists to "take Europe."

Republican Senatorial Leader Taft said Mr. Hoover's ideas should be given immediate consideration by Congress but Democratic Senator Lehman of New York described the speech as an appeal for a "return to complete isolationism."

Secretary of State Acheson was informed of Mr. Hoover's speech when he arived in Washington this morning from the Atlantic Pact conference at Brussels. Acheson merely said, "I'll have to read it."

Opposite of Isolationism

Speaking from New York on a nationwide radio-television network over the Mutual system, the 76-year-old former chief executive made his comments in response to hundreds of requests for his views of the present world crisis.

It was his first public expression following President Truman's proclamation of a national emergency and came a day after the designation of Gen. Dwight D. Eisenhower as commander of the western defense forces.

The only living former president and an elder statesman of the American political scene described his policy as the opposite of isolationism. He said it would produce a working peace which would endure indefinitely "even if the Communists should attack our lines on the seas."

In the meantime, he said, the United States could sustain the hope that the non-Communist peoples will rise to their own defense and that the Communist states will break down of their own weaknesses.

Preservation of America

Hoover said that the preservation of America with or without Britain's support or that of Allied Europe should be the "foundation of our national policies."

The former president added:

"We can without any measure of doubt with our own naval and air forces hold the Atlantic and Pacific oceans—with one frontier on Britain (if she wishes to cooperate) and the other on Japan, Formosa and the Philippines.

"We can hold open the sea lanes for our supplies. To do this we should arm our air and naval forces to the teeth. We have little need for large armies unless we are going to Europe or China."

The ex-president again urged suspension of American aid to Europe and deplored what he termed the indecision of the United Nations and the disunity of Europe.

Hoover said that before another American soldier or American dollar is sent to Western Europe, the free states must create "organized and equipped divisions of such huge numbers as would erect a sure dam against the Red flood."

killed, wounded and missing between Nov. 27 and Dec. 12. The units listed in the announcement are predominantly composed of American troops, with small British commonwealth, Turkish and other U. N. groups attached to some of the U. S. divisions.

Hardest Hit

MacArthur's announcement revealed that the U. S. army's second infantry division was the hardest hit among the units listed.

The second infantry held the eighth army's right flank during the retreat from Chongchon river line north of Pyongyang. It suffered 4,131 casualties.

The next heaviest toll was inflicted on the heroic first marine division which burst from a communist trap in the Changjin reservoir sector against odds of more than seven to one. The marines lost 2,891 men.

The seventh infantry division, some units of which joined the marines in the break out from Hagaru through Kotori to the east coast port of Hungnam, suffered 2,097 casualties. The next most serious losses—1,606—were inflicted on the 25th infantry division which took the main force of the communist frontal assault from the northwest.

In comparison, losses were light in other eighth army units. MacArthur gave them as third army, 650; first cavalry, 443, and 24th infantry 146.

Casualties among all other United Nations forces, exclusive of ROKs (Republic of Korea personnel), were given as 1,011.

About 65 members and guests present were seated at tables cleverly arranged and centered with a colorful holiday motif and lighted candles.

The Rebekah chapter is a missionary society and the birthday dinner is one project that the members have for raising money, which is used for missionary purposes.

At the conclusion of the dinner, Mrs. Maxwell expressed regret that Mrs. David Rees, program chairman, had suffered a fractured hip, and introduced Mrs. Arthur White who conducted the program very capably.

R. J. Morrison led the group in carol singing with Mrs. Morrison accompanying at the piano. Mrs. White read the Christmas story from the second chapter of Luke and the poem "No Room in the Inn", by Vivyen Bremner, closing with prayer.

The feature of the evening was the reading of David Grayson's "A Day of Pleasant Bread," by Mrs. Thomas L. Lindsey. The guest speaker portrayed the adventure in friendship in rural New England life on a snowbound Christmas day to the satisfaction of her attentive audience.

Rev. Robert Mayo closed the meeting with benediction, which was followed by a "get acquainted" hour.

PROPOSALS ON COMBAT

It is a truism that there isn't enough money in the treasury to pay the combat soldier or marine what he's worth. Only those who have experienced it are fully aware of the searing hell of body and mind that accompanies front line ground warfare. Now there is a move afoot to reimburse these men for their ordeal.

The question that immediately comes to mind is whether mere dollars can show the plodding doughfoot how a grateful nation feels about him. But to bog down in abstractions is to ignore grim realities. Other services give extra pay for hazardous duty—the air force to flight personnel, the navy to flight, submarine, minesweeping and underwater demolition duty, and the army to its parachute troops.

The combat infrantryman in the latter stages of World War II was collecting an extra $10 a month. A bill is being drafted in the Defense Department which would give a combat differential to the troops in Korea.

It appears that action on the bill has been stalled because the military cannot make up its mind how much combat duty is worth. In its present status it would provide $50 a month extra for enlisted men and non-coms, and $100 per month for officers serving in the "combat zone." This is interpreted to include troops of the supply echelons and engineer battalions who are actually under fire.

There has been criticism of the "plush" manner in which the government runs wars. Comparing figures on the expensive support echelons maintained by U. S. armed services and those of Russia, the criticism seems valid. But if there is to be any "plushiness" it ought to be at the front and not behind it.

GREAT BRITAIN'S ROLE

When it became apparent that Great Britain did not agree entirely with American policy in the Far East, many observers reached the conclusion that our European Allies were "letting us down" and that we couldn't count upon them in case of emergency.

This feeling was emphasized, too, by reports that Europe wasn't doing all that it could to make itself strong against threating Communist aggression. Many Americans have looked at Europe with greater confidence and respect, however, since it became known that Marshall Plan aid to Great Britain had been terminated.

In an effort to acquaint the American people with the situation in Great Britain, the British Information Service has issued a recent bulletin explaining what it calls "Britain's role in the defense of democracy." In answer to specific questions it reports:

1. Great Britain has universal military training; 2. It has a total of 846,000 in the fighting services; 3. About seven-eighths of its ground troops are serving overseas; 4. Britain has about 1,000 full-time and 73,500 part-time workers in civil defense; 5. Britain's fighting forces are being supplied with equipment which equals that of any in operational use in the world.

WHAT HALF A CENTURY HAS BROUGHT US

Mankind is about to enter upon the second half of the twentieth century. Back of mankind is a half-century of turmoil and war. Fronting mankind is a prospect of even greater turmoil and more destructive war.

Has mankind learned anything during the twentieth century? What progress has civilization made, when its chief boast is that it has invented a bomb that will enable mankind to commit suicide?

On January 1, 1901, there was no hint that a dark power would overshadow nearly half of the world and threaten the nations with the choice of death or slavery. As January 1, 1951, approaches there is hope that the nations will suffer neither death nor slavery—but the threat remains.

The issue will be settled during the second half of the century. That seems certain; but nothing else is certain, and it is idle to speculate upon the changes to come during the next fifty years. The prophets of 1901 were poor soothsayers indeed. If any one of them had predicted that five empires would disappear during the ensuing fifty years he would have been hooted down.

What would have been the idea of a prophet who had dared to picture the rise of communism to the point of threatening all nations.

We do not favor any lengthy debate or discussion of when we are going to drop atom bombs. Somebody is apt to get excited and beat us to it.

Now is the time for the winning candidate to say "the future lies before us." Which is of course true and we hope the past doesn't catch up with him.

One pound of saccharin, we read, will sweeten about 30,000 cups of coffee. Wonderful—but who, at current prices, could afford 30,000 jugs of java?

This year the Star of Bethlehem will be magnified 435 million times. That's number of Christmas tree lights, says bulb makers will be in use come December 25.

The Russian Bear, Kremlin propagandists would have the world believe, is really just the Dove of Peace in disguise. All we have to say is that the disguise is far from perfect.

Pact Nations Take Gambles

The Atlantic Pact nations have undertaken a staggering job full of dangerous gambles today.

Under the impact of the Korean crisis engineered by the Moscow-led communist bloc they have agreed to create a European defense force of 50 to 100 divisions—by the end of 1952.

This is a year ahead of the original target date and the 100 division figure is double the original goal.

Main Gamble

The main gamble in these unprecedented peacetime decisions is obvious—that Russia and her satellites might not attack western Europe in the next two critical years.

Other gambles are: that west Germany will agree to contribute troops; that the western allies can overcome the neutral blocs in their own countries; that American industry, the core of the western arsenal, can swing into action quickly enough.

But all the latter gambles depend on the major one about Russian intentions.

What if Russia attacks? The western consensus is that Russia today could sweep across Europe to the English channel if she is ready to do so.

175 Divisions

Russia already is estimated to have 175 available divisions compared to 20 west European divisions so weak that they actually amount to about 12 divisions.

Implicit in the belief—or hope—that Russia will not attack in the next two years is an assumption that the United States has more and better atomic bombs than Russia has at this stage.

Yet Russia boldly had warned the west twice now that she will not tolerate or accept rearmament of western Germany—a key 20 per cent of the master plan for the proposed European army under Gen. Dwight D. Eisenhower.

The U. N. invasion of North Korea was a gamble. Communist China said she would not tolerate that step. She made good on this statement by hurling overwhelming numbers of troops into the battle and forcing the retreat of the U. N. forces.

Issue Is Critical

The west German rearmament issue is critical, but it is expected that a decisive stage will not be reached for several months.

The main reason for this is the proposed new big four conference. The French demand talks with Russia soon and before the west goes ahead with the plan to incorporate German combat troops in the European army.

Also the western leaders must gain acceptance of the west German regime to such a plan involving their people. And this job may be a long one.

Reports not only from France but also western Germany show that a strong spirit of defeatism has developed.

Fear of France

France fears the long-range possibility that German rearmament eventually might be used against her, and the short-term possibility that Russian troops might strike. Soviet forces are only 150 miles from the French frontier.

In western Germany both Chancellor Konrad Adenauer's government and the strong Socialist party opposition demand equality for German troops in any defense scheme.

But the main west German opposition to rearmament apparently stems from the fear of provoking Russia too soon, of making Germany another battleground before there is a reasonable chance of successful defense.

Want Powerful U. S. Force

German leaders point out that there are only a few western divisions in Germany presently. They want to see a powerful American force planted along the border with communist-dominated east Germany before they make any fateful west German rearmament plans.

U. S. Secretary of State Acheson has promised substantial reinforcements will be sent to Europe, but this will take much time because of American commitments in the far east and a mobilization program just getting under way.

Even in the United States one argument is that the United States might pour big chunks of military equipment into western Europe only to have it captured by the Russians hitting before the Europeans and Americans are ready. That is another big gamble.

The Parent Problem

By Garry C. Myers, Ph. D.

TEEN-AGER NO LONGER A CHILD

It's not easy for us parents and other adults to treat the adolescent boy or girl as the person he or she truly is. We are so self-centered, so limited in our imagination and ability to put ourselves in his or her place; and we are so lacking in our sensitivity to feelings of these children that we often cause them needless inward pain without meaning to do so.

We forget, too, that youth is growing up and yearns to be treated as of his age. Therefore, we are prone at times to talk to him or about him, or to respond to what he says as if he were only five or six years old. And when his own pals are present, we may treat them in like manner, at the very time when he is so eager to have us appear to be grown-up ourselves.

Host And Hostess

Perhaps there is no time when the adolescent child so desires his parents to prove themselves mature and to be gracious host and hostess as when the guests are other adolescents. We parents need to cultivate good manners toward our teen-age children and their guests. I'm sure most adolescents consider their parents pretty rude toward these children's guests and do a lot of worrying over this matter.

Well do I recall when one morning some years ago my daughter, riding with me in the car on her way to high school, said, "Dad, I don't want to hurt your feelings but I wish you would try to have better manners toward my friends when they drop in." I was shocked and begged her to explain, which she did, and to my amazement she confronted me with some accounts which made me feel ashamed of myself. Penitently I apologized and tried to assure her I would strive to do better henceforth. About a week later she told me I had greatly improved in my manners towards her friends and I thanked her and felt better. As I reflected on these experiences with some remorse over my shortcomings I also gained some emotional relief from awareness that she felt able to apprise me of my bad manners.

Frank Rebuke

When you and I are at our best we cherish frank rebuke from our adolescent children, even though the rebuke is for the time very painful and humiliating. The more ready our children are to let us know in privacy when they think we have done them wrong, the more proof we have, I think, that our parental relationships with them are good and the more sure we can be of their lasting love and esteem.

I wish, too, that we parents would guard our remarks to and about the adolescent son or daughter in the presence of adult guests, being careful never to say a word or make a gesture which might embarrass or humiliate this youth. How very prone we are to stray from this objective and to talk like this: "Marie is so tall I have to make her clothes." "Rudy is the runt of our family." Then the guests may add remarks just as brutal. Then may follow a long exchange of accounts about other youths very tall, very short, very fat, and the like. Let us imagine we were one of these listening, suffering youths. Just why can't we parents grow up? Let us pray that we might truly say as did St. Paul: "I have put away childish things."

I once wrote a prayer for myself as parent, including this: "Help me to grow up with my children and treat them as those of their own age." A copy of this prayer may be had in a stamped envelope sent me at 235 East 45th Street, New York, N. Y. It also is reprinted in the just-published book, "Homes Build Persons," which Mrs. Myers and I have written.

One Man's Opinion

By Walter Kiernan

And a merry Christmas to General Eisenhower who is leaving Columbia for a larger campus.

He and MacArthur are about the only war materiel that wasn't sold off as surplus in those gay, mad days when rumors of peace swept the country.

We're still giving away an occasional battleship . . . Free delivery and a full gas tank.

This new psychology is that if you install fire escapes on enough of the neighbor's houses (labor and material free) you'll never get trapped in your own attic.

If this seems like strained logic, you also can get it unstrained . . . A fresh batch every day, looks good and tastes horrible.

But the statement has been made that anyone who disagrees with our present policies is helping Russia . . . Possibly not quite as much as lend lease helped.

All I know is that things are confused . . . And with that line I hope to win a Pulitzer prize for understatement.

Let not your heart be troubled: ye believe in God, believe also in me. In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you. John 14: 1, 2.

Dangerous Yule Shoppers!

(By HENRY McLEMORE)

It's too late for department stores to do anything about it this year, but come the Christmas shopping season of 1951 and they should take a tip from postal inspectors and the FBI.

The Post Office Department and the G-men, as soon as they know a dangerous person is at large, plaster the country with his picture and a full description of his habits, eccentricities, etc.

This enables peaceful citizens, when they see this gent, either to skedaddle out of danger or put in a call for help.

What I want department stores to do next year is to plaster their walls with the pictures and descriptions of dangerous Christmas shoppers so that peaceful customers can spot them at the tie, lingerie, cosmetics, or corset counters, and steer away from danger.

Dangerous Shoppers

By Dangerous Christmas shoppers I mean those men and women who, in their wild desire to see to it that every friend and relative is remembered with a gift, will trample underfoot any and all who block their way to an article they want to purchase.

To help out the department stores I took down the particulars of a number of the most violent shoppers I encountered in the past week, and here they are:

Mrs. Beulah Tank: Age 41. Also known as Mrs. Sherman Tank and Mrs. General Pershing Tank. Always heavily armed with two massive elbows, and uses them when challenged. Last seen breaking ribs of woman in glassware department.

Mrs. Clem Slammer: Age 37, mild appearance. Normal housewife until Christmas shopping begins, then goes berserk. Has left trail of bruised shins, cracked arches from Battery to the Bronx.

"Joe The Snatcher"

Joe Poppmopp: In middle fifties, gentle in appearance, but said to be most ruthless shopper at tie counters of any man loose today. Also known as Joe the Snatcher, because of his habit of grabbing tie he wants from hands of other customers.

Mrs. Grace Leapbody: Extremely dangerous Christmas shopper: kidnapping is her specialty. Just when another customer, after an hour of waiting, has gotten a saleslady, Mrs. Leapbody leaps in and kidnaps her. Only in her late thirties, Mrs. Leapbody carries a cane and wears a gray wig to avoid assault by those whose saleslady she has kidnapped.

Arthur Pestman: This man is dangerous because of his ability to drive other customers out of their minds. Scores of New Yorkers are wondering today why they didn't throttle him when he took half an hour looking at gloves before deciding he didn't want to give his brother-in-law gloves at all.

Mrs. Clarence Cloudypuss: Age 48, weight 257. To be avoided on all elevators. Mrs. Cloudypuss always get in the extreme back of the elevator and always gets off at the first stop, scattering passengers and shattering precious bones not belonging to her. Usually wears black and a scowl to match.

Andrade Tommy Thompson: Young, tall, given to banjo playing when not shopping. Nothing suits him. Holds up shoppers for hours while looking for something better. Asks for Tiffany things in bargain basements and vice versa.

This is only a partial list of the dangerous shoppers I have spotted. And you and you and you must know hundreds of others.

Try And Stop Me

"But I thought . . ." said the secretary meekly. "Don't think," barked the industrialist. "That's not what I pay you for. Take down what I dictate and then type the letters. Is that quite clear? Now take this."

That afternoon, his secretary planked this letter on his desk for signature:

"Dear Smythe: The idiot spells it with an 'E.' Thinks it's aristocratic. His old man was a plumber. With regard to your letter of—look it up. Anybody who can read that handwriting deserves a medal. You ask the cost of replacing worn parts in the machinery at your plant. Our experts figure—hey, Joe, what was the estimate on that Smythe job? Two thousand? Okay—our experts figure that three thousand dollars is our rock-bottom price. The extra throusand is for that dumb 'E' he sticks on his name. Trusting to receive your esteemed order, etc., etc., etc. There, that's done and you better get off my lap before my partner walks in on us."

From Me To You

Politics as usual . . . well not exactly but there are some of the fellows who are looking forward to the next local election . . . especially those who are thinking of "coming out" for Mayor . . . there are about seven business men now talking up their chances . . . but one in particular is not setting too good of an example . . . The snow hasn't been cleared from in front of his place of business for several days . . . so that is that until a later time.

* * *

Harry C. Wing is secretary of the three A's up in North East . . . and to while away his spare time, Mr. Wing has a hobby of writing poetry . . . During the big snow a local resident became stranded in North East and while there, got to talking with people in the AAA office. Read some of Wing's work and thought it would be nice to bring some home . . . having in mind this column . . . sure we will use a little poem. The thought captured by Harry carries a lot of weight for we here in the United States:

A little house and a garden spot
Where he can grow his flowers and such
You would not think he had a lot
But he has so very very much.

He has everything he needs
Has friends who stop to say hello
While he with plants and seeds
Work to make things grow.

He and his wife they have their health
They sit at evening and talk and plan
Not how to increase their wealth
But how to help their fellow man.

Full contentment has he found
From early dawn to sunset glow
A little house and a plot of ground
The richest man I know.

Huge Christmas Buying

By ED. HAUCK
(INS Staff Correspondent)

HARRISBURG, Dec. 21.—The rubber bands were off Pennsylvanians' bank rolls during the Christmas buying season and Commerce Secretary Theodore Roosevelt today predicted that spending will be record-breaking.

"Pennsylvania's 1950 Christmas shopping season has all the earmarks of being one of the biggest spending periods which this state has ever seen," Roosevelt said.

Officials of his department reported merchants believe final figures will show that 1950 topped last year's sales when a tight-fisted buyer's market prevailed especially in the western part of the state where the picture was marred by protracted coal and steel strikes.

The department disclosed merchants from most sections of Pennsylvania were optimistic at the outset of the buying rush.

In addition to high incomes due to above average number of employed, shopping was spurred by more than $20,000,000 mailed out in Christmas club checks.

Number Of Reasons

Roosevelt said "there were a number of reasons" for this year's heavy spending.

"Personal incomes are high and have been rising," he said. "More Pennsylvanians are employed in industry, trade and service than ever before. Average weekly earnings have been increasing and are at the highest point since World War II.

"The cash income of Pennsylvania farmers is also at high levels and other personal savings have been maintained at high figures.

"All these facts emphasize that a large personal supply of money concentrated tremendous purchasing power into Pennsylvanians' Christmas shopping season."

Shopping Started Earlier

The secretary agreed with reports of store officials that buying was steady and will be topped by the traditional last-minute rush.

"This year, Christmas shopping started earlier than usual in many Pennsylvania cities," Roosevelt said. "Although the Thanksgiving weekend storms interrupted buying in a number of areas, shoppers for the most part continued to spend at a rapid rate.

"Quality merchandise was in abundance and there are few evidences of shortages," he added.

Roosevelt said reports from all sections of the state indicate that there was "more generous buying of many articles this year and, in some instances, that quite likely was due to fear of scarcities which may result from defense production."

"The new credit controls also are reported to have slowed down buying of automobiles, refrigerators and washing machines in some cities, but do not seem to have had much effect on sales of television sets."

Roosevelt summed up the trend this way:

"The greater supply of things people want at a time when more Pennsylvanians are earning more money—these, together with 1950 prices, make it very probable that this year's Christmas sales in Pennsylvania will reach one of the highest totals on record."

Looking At Life

By ERICH BRANDEIS

More than anything else in these dark days, we must have FAITH.

If you look into your dictionary you will find several definitions of FAITH.

The first is "Belief in God."

The second is "Fidelity to one's promises, or allegiance to duty, or to a person; loyalty."

The third is "That which is believed."

The fourth, "Complete confidence, esp. in someone or something open to question or suspicion."

Enough has already been said about the first definition, "Belief in God."

Just one thought about that—it is the lack of belief in God on the part of the Communists that makes it so absolutely impossible to appeal to them on the basis or right, justice and mercy.

Without belief in God there is no right, no justice, no mercy. God is synonymous with those three qualities and they are synonymous with God.

But all of the definitions are important.

But it is the fourth definition whose application is so desperately needed today.

"Complete confidence, esp. in someone or something open to question or suspicion."

That is what we need—complete confidence.

First of all we must have confidence in ourselves.

We must have confidence in our way of life, in our strength, in our cause, no matter how much inimical alien viewpoints may "question and suspect" them.

We need confidence that whatever happens must be borne with fortitude and FAITH in our cause.

At the moment of this writing the news is bad—very bad.

The natural instinct would dictate pessimism, fear, moral surrender, loss of FAITH.

But let us turn from the front pages of our paper to the inside pages.

Plenty of FAITH there—plenty of confidence.

"800,000 New Homes in '51" says a headline.

A clothing firm advertises men's overcoats made of the finest cashmeres at $295 and up—guaranteed to last for many years.

The new automobile models are making their appearance, also promised to last for years and years.

New shows are being put on. Color television is on the way.

The movie houses, theaters and restaurants are crowded.

At a luncheon in New York today I heard more new jokes than at any previous luncheon.

All around me I see people laughing, crowding the stores doing their Christmas shopping.

I see children playing, adolescents having fun, and young men and women planning for the FUTURE.

Dark clouds hang heavy over us right now. But let us remember the 20th verse of the 17th chapter of St. Matthew: "If ye have faith as the grain of mustard seed, ye shall say unto this mountain, Remove hence to yonder place; and it shall remove: and nothing shall be impossible unto you."

NEW YORK—Former President Hoover—"No promise should be made at Brussels to land any more American forces in Europe until the American people and the Congress have had an opportunity to explore the whole question."

WON'T TELL

"I want to know," said the woman, "how much money my husband drew out of this bank last week."

"Sorry, madam," answered the man in the cage, "I can't give you that information."

"Well, aren't you the paying teller?" she persisted.

"Yes, madam," he replied, "but I'm not the telling payer.—Expert Collector.

Folks Of Fame

Polydore Virgil was a great Roman poet. He was born on October 17, 70 B.C., on a farm not far from Mantua. Later he moved to Milan and two years later to Rome. He made many noted friends, among them Quintus Horatius Flaccus Horace, poet and satirist, to whom he wrote his odes. His first book of poems was published in Rome, probably in 37 B.C. His principal published works after this were his "Eclogues," or pastorial poems, "Georgics" and "Aeneid," which was published after his death on September 21, 19 B.C. He was buried in Naples and his tomb was long regarded with religious veneration.

Gypsy Smith was a noted evangelist and author of religious books. He was born on March 31, 1860, in England. He was self-taught and was associated with Gen. William Booth in his Christian mission which resulted in the founding of the Salvation Army. In World War I he spent three and one-half years with soldiers in France, actively engaged in evangelistic work. He has been twice around the world, to South Africa, and has visited America 35 times. From 1939 to 1945 he made a tour of the United States and Canada. He wrote his autobiography and other books of his include "As Jesus Passed By," "A Mission of Peace to South Africa," "The Lost Christ" and "The Beauty of Jesus." He is now retired and lives in Cambridge, England.

Philippines To Increase Army

MANILA, Dec. 21.—(INS)—A spokesman for President Elpidio Quirino said today the Philippines government plans to increase its army by about one third because of the current international situation.

At the same time the president ordered the central bank to allow unlimited issue of foreign exchange for purchase of essential commodities, especially rice, milk, canned fish, beef and coffee.

Plans for the increase in Filipino manpower under arms were made by a newly-formed security committee set up at Tuesday's emergency meeting of the state council.

The committee indicated it will ask the United States military advisory group in the Philippines to supply arms for 13,000 additional troops. The army's present strength is 40,000.

Surplus Butter Is Sold To Italy

WASHINGTON, Dec. 21.—(INS)—The agriculture department sold five and one-half million pounds of government-owned surplus butter Wednesday to Italy for relief purposes.

The department said Italy bought the butter for 15 cents a pound, while the government paid an average of 60 cents a pound for it to support farm prices in 1949.

Italy is the only foreign government to buy butter so far.

Government surplus butter stocks now stand at about 70 million pounds.

Vocalists From High School Present Concert

E. C. Book, supervisor of vocal music in New Castle Senior high school, directed 140 student voices in their second annual Christmas concert program, presented Wednesday night in the George Washington Junior high auditorium.

A vocal chorus of 70, composed of the girl's choir, boy's chorus, and the mixed chorus of the high school, presented "Christ Is Born," by Joseph W. Clokey.

Special vocal roles in this portion of the program included: Mary Lou Streett, soprano; Jean Davis, alto; Bette Arrow and Irma Allen, Duet; Leroy Hammid, tenor; and Abel Napadano, bass.

Fred Waring's "Song of Christmas," comprised the second part of the program and featured the a cappella choir. Original music, selected songs and carols, and Holy Scriptures were used.

Informal singing of carols constituted a third portion of the concert program, as all 140 students vocalists joined the audience in appropriate Christmas songs.

The program was closed, when a choir alumni joined those on the stage in singing "The Lord Bless You And Keep You".

Lincoln-Garfield Parent-Teachers' Christmas Party

A Christmas party and program highlighted the meeting of the Lincoln-Garfield Parent-Teachers' association when the group met Wednesday evening in the school auditorium.

Joe Audia opened the program by singing "Harbor Lights," "Silent Night," and "White Christmas." "Angels Fair We Heard on High' was then sung by Shirley and Marian Williams and the girls also entertained with a dance routine called "Remember the Roaring 20s" featuring the Charleston. Virginia Johnson performed an acrobatic routine, followed by Stella Ann Zabetakis playing "Star of the Sea" at the piano.

"Away in a Manger" and "Oh Little Town of Bethlehem" was sung by John Henry Bell. Mrs. Marion Walter then sang "Beneath a Southern Sky" by Gladys Rich, a former music supervisor in New Castle. Mrs. Walter's second number was the lovely "Oh Holy Night." A medley of carols was played by Christine Iorio on the trumpet, and the accompaniment for the entire program was by Miss Lillian Sarver at the piano.

Peter Grittie, school principal, led the group in carol singing, with Miss Ann Thomas at the piano.

Refreshments were later served in the gym, with the social committee composed of Mrs. Ernest Johnson, chairman, Mrs. Manfiarelli, Mrs. Catarcio, Mrs. Cooper, Mrs. Spade, Mrs. DeCaprio and Mrs. Zabetakis.

The next meeting will be held January 17, with guest speakers to be Miss Dorothy Stewart of the Y.W.C.A. and Miss Sharley Webber of the Elm Street Y.W.C.A. Their discussion will be in connection with the P.T.A.'s "Youth Opportunity" theme. A hobby and handicraft display will feature the evening's program.

June Allyson Favorite Star

Takes Lead From Bing In Year's Poll

HOLLYWOOD, Dec. 21.—(INS)—Mrs. Dick Powell, better known as pert June Allyson, has nudged Harry Lillis Crosby, better known as Bing from his spot as the nation's favorite film star.

June reversed the position the two held in 1949 according to the results of a nationwide poll of press agents, radio, educational and civic organizations.

How They're Listed

The poll results, soon to be announced in Boxoffice, motion picture trade magazine, listed Miss Allyson first, Crosby second and Clark Gable third on the combined list of men and women stars.

Following this trio are Claudette Colbert, Betty Grable, Gary Cooper, Bob Hope, Loretta Young, Spencer Tracy, Esther Williams, Olivia De Havilland and Jane Wyman.

Among the males, Bing leads followed by Gable, Cooper, Hope, Tracy, Cary Grant, Gregory Peck, James Stewart, John Wayne, Dan Dailey, Richard Widmark and Bud Abbott and Lou Costello, in that order.

The 12 most box office-appealing females in movieland, according to Boxoffice, are the Misses Allyson, Colbert, Grable, Young, Williams, De Havilland, Wyman, Barbara Stanwyck, Betty Hutton, Elizabeth Taylor, Judy Garland and Jeanne Crain.

Roy Rogers is still "king" of the cowboys, according to Boxoffice which lists Gene Autry, George "Gabby" Hayes, William Boyd, Bill Elliott, Tim Holt, Andy Devine, Smiley Burnette, Charles Starett and John Mack Brown in that order.

Leesburg Youth To Present Pageant

Youth for Christ which meets each Saturday evening in the Leesburg Presbyterian church at 8:00 o'clock, will have an unusual program this week, when a pageant, "The Christmas Story" is presented. The program will be a community affair with the Nazareth Methodist, Leesburg Presbyterian and Drake Christian and Missionary Alliance youth participating in the presentation.

The story depicts the birth of Christ with readings, special vocal selections and choral numbers by a choir of 25 boys and girls. The pageant has been arranged by Rev. H. A. Polding, who will direct.

"Big Ben," the clock on the British House of Parliament in London, was put into operation in 1860.

THE SAVIOUR IS BORN—CHRISTMAS

ANGEL BRINGS GOOD TIDINGS TO SHEPHERDS

Scripture—Luke 2:1-20; Philippians 4:4-7.

The angel and the shepherds

"Be not afraid; for behold I bring you good tidings of great joy which shall be to all the people: for unto you is born this day in the city of David a Saviour, who is Christ the Lord."—Luke 2:10-11.

By NEWMAN CAMPBELL

Christmas is here again. We read and tell once more the story of our Saviour's birth and, of the shepherds who were told the good news by an angel; of the Star in the East bringing the Wise Men to worship. We linger longest on the angel's message of "Peace on earth, goodwill toward men," and wonder when this will come about.

For centuries men have dreamed of peace, and many have worked for it, and prayed for it, but there is no peace today in our sadly troubled world. Temporarily, at least, this Christmas message brings us new hope.

When Caesar Augustus decreed a tax on everyone, each man had to register in his native city. Therefore a modest Nazarene carpenter, Joseph, took his affianced wife with him to Bethlehem, because that was his city, as he "was of the house and lineage of David," and Bethlehem was David's city. It was prophesied too, that the new King of Israel would be born in that city.

We all know the story by heart, but we love the repetition. Once more we read how when the two came to Bethlehem, to the courtyard of the inn, they found no lodging there.

They were humble folk, and the inn was crowded. So, they were quartered in a stable, which might have been a limestone cave or grotto, often used then to house livestock.

Here the Christ was born, and Mary, the gentle mother, wrapped Him in swaddling clothes and laid Him tenderly in a manger.

"And there were shepherds in the same country abiding in the field, and keeping watch by night over their flock.

"And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them: and they were sore afraid."

But the angel said, "Fear not: for, behold, I bring you good tidings of great joy, which shall be to all the people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord."

The angel told them they would find the Babe wrapped in swaddling clothes and lying in a manger.

"And suddenly there was with the angel a multitude of the heavenly host praising God, and saying: "Glory to God in the highest, and on earth peace, goodwill toward men."

Filled with joy and hope, the shepherds left their flocks and went to Bethlehem, and there they found Mary and Joseph and the Babe, as the angel had said, and they worshiped Him.

On their way back to their flocks, the shepherds told everyone they met about what they had seen and heard concerning the Child, and everyone wondered what it all meant.

But Mary "kept all these things, and pondered them in her heart," while the shepherds returned, praising God for the things they had seen and heard.

In spite of all the world's troubles, Christmas is a joyous occasion. It unites family, and if that is not possible for some, at least, happy messages fly to all the corners of the earth.

There are many who never hear from one another except in this season of the year. Christmas messages reach them and friendships are renewed.

It is a joyous time. The angel's message was "Fear not," and fear seems to slip away from us, and hope for the future takes its place.

St. Paul, in his letter to the Philippians, told them to "Rejoice in the Lord always; and again I say, Rejoice.

"Let your moderation be known unto all men. The Lord is at hand.

"Be careful for nothing; but in every thing by prayer and supplication with thanksgiving let your requests be made known unto God,

"And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ." Amen.

Margaret Truman May Get Contract For Radio Program

NEW YORK, Dec. 21.—(INS)—Negotiations are in progress for a contract between Margaret Truman and the National Broadcasting Company which would pay her more than her father's $100,000-a-year salary.

It was indicated that Margaret might perform both as a singer and commedienne.

Charles C. Barry, vice president in charge of progamming at NBC, said an agreement is near under which Miss Truman would make guest appearances on both radio and television.

Some reports said Margaret would be paid $200,000 a year under the agreement, but Barry refused to confirm this he said, however, if she performed once a week she would receive considerably more than Mr. Truman.

CANDY DEPT., STREET FLOOR

Around Hollywood

By JAMES PADGITT

(International News Service Staff Correspondent)

HOLLYWOOD, Dec. 21.—The highly-publicized bath that Susan Hayward was to take for "David and Bathsheba" turned out to be one of those one-two-three things that was over before anyone knew what was going on.

The public sudsing is a high point in the 20th Century-Fox Biblical spectacle.

The scene was to have been taken around the holidays but it became necessary to shoot it last week, catching everybody flat-footed.

In order to preserve her modesty, the flame-haired actress was garbed in a backless, strapless, flesh-colored elasticized net bathing suit especially made for the scene.

Susan as the siren Bathsheba stood up in the tub while Nubian slaves poured earthen jugs of water on her and technicolor cameras ground away. Over on the other side of the set was Gregory Peck as King David. He is supposed to peep at Bathsheba and develop a case of love at first sight.

The whole thing went off almost without a hitch. The single hitch was that Susan's bathing suit split and she had to leap behind a screen for repairs.

Director Henry King, commenting on the epochal event, said that there was nothing to get excited about in the first place.

"Why," he said, "it wasn't difficult at all. It was just like washing an automobile. A little water, a sponge . . ."

WILL PLAY SANTA

Edmund Gwenn is all set to play Santa Claus on the traditional "Miracle On 13th Street" broadcast tonight. This time the star of the film, which earned him an Oscar, will be host to 30 Los Angeles orphans. George Seaton, director of the hit film, will again be on hand as guest director of the radio show and to help out in presenting gifts to the children.

P.H.C. Cancels Dinner Party

The dinner party planned by the Protected Home Circle for Thursday evening in the I.O.O.F. hall has ben canceled.

However, the gift exchange will be held at 7:30 o'clock and the Lawrence County Home presentation will feature the program.

Mock Air Raid Has No Effect On Shoppers

SANTA FE, N. M., Dec. 21.—(INS)—Nothing, not even a mock air raid, can keep Santa Fe residents from their Christmas shopping.

Officials of the city's civil defense group conducted a mock raid yesterday. They had spent several days handing out instruction pamphlets.

But Christmas shoppers kept right on with their gift searching. The officials termed the mock raid a "flop".

'Prayers Mightier Than Atom Bombs'

NEW YORK, Dec. 21.—(INS)—Francis Cardinal Spellman said today that prayers are "mightier than atom bombs".

In a Christmas sermon delivered over station WABD during the airing of the television program "Morning Chapel", the cardinal declared:

"We must make haste—but only back to God. We must go on—but by the prayerful way.

"For constant and courageous prayers are mightier than atom bombs and, like waves of the strong and surging seas will in time flow back to us in God's graces, if we prove our love to Him in faith and prayers devout.

"And, while communist robots disdain, defy and deny God and profane the power of petition in prayer, to the God-living peoples of the world I cry out this Christmastide—'let us strengthen ourselves with the armaments of faith and conquer atheistic communism with Godliness and prayer'."

CONGRESSMAN INDICTED

WASHINGTON, Dec. 21.—(INS)—A federal grand jury on Wednesday indicted Rep. Walter A. Brehm (R) Ohio, on charges that he "unlawfully accepted contributions for political purposes" from congressional employes.

The indictment accused Brehm, who was re-elected to the house last November, of accepting the "contributions" from Clara Solliday and Emma S. Craven, both clerks in his capitol office.

Brehm was alleged to have received a total of $1,380 in seven contributions between December, 1947, and August, 1948.

It takes 35 men about three months to paint the dome of the Capitol in Washington.

Jewish Council Hears Students

Students Tell Of Social Service Work

Miss Myriam Greilsammer and Miss Cecile Kupissonoff, foreign scholarship students receiving their scholarships through the National Council of Jewish Women, for further advanced study in the social field with plans to return to their homelands when their courses are completed, delighted the New Castle Section of the National Council of Jewish Women Tuesday evening at their "Service to Foreign Born scholarship meeting in Tifereth Israel synagogue.

Council members were given first hand information by the students of their experiences in the social service field in Paris and Belgium working with children on orphan homes, including small children, teen-aged groups, and also those persons returning from the Displaced Persons camps with their many social, mental and physical problems.

Their aim in accepting the national scholarships offered to them is to further their education in their own particular line of social work and to be able to go back to their respective countries to perform a better service to the children and other groups who need their help so badly.

Mrs. Sherman Samuels, program chairman, then introduced Mrs. Julius Cobb, who is overseas chairman, and who has done a magnificent job for the children in orphan homes in Paris.

Mrs. Cobb read several letters from the French children to the assembly and reported on a twenty-two pound box of chocolates which had been sent to them for the month of November.

Also Chanukah packages were sold to the group and the contents of these packages will be packed and sent to the children's homes this month.

Mrs. Myron Milbouer, president of the section, greeted the members in a gracious manner, explaining that this meeting had a three-fold purpose, the "Ship-a-Box" project, the Scholarship for Foreign Students Program," and the newest project of Council, "Teacher Training in Israel."

She then asked for reports from different committee chairman and announced that there will be a study group meeting of Council and Hadassah at the home of Mrs. Mont Blau on January 2.

Mrs. Alec Samuels gave the financial report as ways and means chairman and thanked each member for a job well done.

Mrs. Irving Robins has been named the Defense chairman for future activities in the city in case of need.

Council will again resume sending a treat to Polk Institute.

Mrs. Bernard Rosenthal will be Council's representative to Girl Scout Troop 50.

Hostesses for the evening, Mrs. Daniel Fisher, Mrs. Joseph Brown and Mrs. Harry Moresky poured tea at a beautifully decorated table, using the theme of the French orphanages with a doll house centerpiece. A large cake, baked especially for the occasion, was decorated with ships representing the shipping of parcels to the homes.

YOUTH FELLOWSHIP

The Youth Fellowship of the East Brook Methodist church gathered at the home of Mr. and Mrs. Pat Anderson on Monday evening, Dec. 18, for a Christmas party. Thirty-five were present including the young people and commissioners.

Games, instrumental music and carol singing were the evening's entertainment, directed by Pat Anderson.

A delicious lunch was served by the social committee, Betty Fox, Carol Patterson and Mrs. Anderson.

GRANGE MEETING

The East Brook grange met recently with Kenneth Kauffman in charge. A tureen dinner was served at 7 o'clock. A short business meeting was held and it was decided to dispense with the next regularly scheduled meeting December 25.

The program included: a lecture by Mrs. Della Kelly, roll call, current events, reading, questions and discussions on communism, and a humorous reading, "Pamelia Splicer At the Beach", by Thomas Lindsay.

The next meeting will be on Jan. 8 and the program will be headed by Mrs. Nancy Cornman.

Kiwanis Hears Yule Message

Dr. A. C. Schultz Speaker Wednesday

New Castle Kiwanis Club members were addressed by Dr. A. Culmer Schultz, new pastor of the First Methodist church, at their noon luncheon meeting in The Castleton, Wednesday noon, when he took his audience of fellow Kiwanians on a mythical trip to Bethlehem.

He spoke of the trip made to Bethlehem 1950 years ago by the three wise men and the shepherds, and of the great change it made in their lives.

We too, he stated, should make this trip to Bethlehem this Christmas, and to enter into the journey by casting aside those things which Christ asks us to, in order to follow in his footsteps. We should replace our selfishiness, and hates, with love and hope, and casting out our fears, should enter into Bethlehem.

Ralph Gibson was accepted into the club as a new member, and was given his badge of membership by E. D. Marvin.

Past District Governor Tom Paden announced that next Wednesday the club will look forward to the coming March of Dimes campaign, which will be sponsored by the club. The speaker will be one of the officials of the Watson Home, at Pittsburgh, and several local polio victims who have been benefitted by the treatment administered by the National Foundation for Infantile Paralysis will be guests of the club.

Shenango P.T.A. Meets Tonight

Members of the Shenango township Parent-Teachers association will gather in the school auditorium this evening for their Christmas party. The program includes a puppet show, group singing and refreshments served to the group. Miss Cowmeadow is in charge of the puppet show.

Surprise packages will be available for the members and the children.

NEW AND OLD WAYS TO ROAST TURKEYS

Cooking experts have long recommended roasting poultry in a shallow, open pan on a rack to allow heat to circulate. They advocate a moderate temperature of 300° to 350°F. Long, slow roasting develops a tender, flavorful meat. To prevent the top of the bird from becoming too brown place a cloth dipped in melted butter or other fat over the bird during the first part of the roasting.

Aluminum foil provides a newer method of roasting poultry. Stuff the bird and truss as usual. Then cover completely with foil, sealing edges together. Place covered birds on a rack in an open pan and roast at 400°F. allow 18 minutes per pound for a 10 to 12-pound turkey and 14 minutes for a 20 to 22-pound turkey. Higher temperature can be used since the meat is protected by the foil. Remove the foil or fold it back and let the bird brown the last 45 minutes of cooking. Drippings will also brown, although there will not be as much drippings as with other methods of roasting. Juices of the bird are held inside the meat itself. The meat is juicy and tender and has a delicious flavor.

The amount of stuffing needed depends on the size of the bird. For a 10 to 12-pound birds, ready-to-cook, weight, count on 2 to 3 quarts of large fluffy bread crumbs. A larger bird, 20 to 22 pounds or heavier, will take 6 to 7 quarts of bread crumbs. A 1-pound loaf of white bread makes 1 quart or more of large (½-inch fluffy crumbs).

LITTLE BEAVER

GRANGE LADIES MEET

"The First Noel" was the reading by Mrs. James Beatty, with Miss Marjorie McAnlis presenting two readings, "Santa Claus," and "Cold Fact." The group then sang "It Came Upon the Midnight Clear," and the song "Christmas Eve" by the assembly closed the meeting.

A donation was received for the Salvation Army of Beaver Falls and an exchange of gifts was held. The next meeting will be January 16 at the home of Miss Grace McHattie.

G.I. Combat Veteran Will Head Parade

PASADENA, Cal., Dec. 21.—(INS)—A G. I. combat veteran from Korea will substitute for Gen. Dwight D. Eisenhower as grand marshal of Pasadena's annual New Year's Day Tournament of Roses parade.

The general telegraphed tournament president L. Clifford Kenworthy that the declaration of a national emergency and, presumably, his appointment as commander of the Atlantic Pact army, made it necessary for him to cancel plans to lead the rose parade. He added:

"I would consider it a great honor, if such a suggestion is in order, to have another soldier, a combat veteran returned from Korea, take my place.

"In honoring him we would be honoring all our men and women in uniform, including the fighting men who are making sacrifices for the cause of world peace."

Identity of the G. I. who will take Gen. Eisenhower's place at head of the famed pageant which will precede the California-Michigan Rose Bowl game is not yet known.

Canadian Boy Sends Appeal In Christmas Tree

PITTSBURGH, Dec. 21.—(INS)—Somewhere up north in Quebec, Canada, a 10-year-old farmboy wondered what Christmas could possibly bring to his family.

And as he wondered, he had an idea.

It must have been that way, because attendants at a Christmas tree stand in Pittsburgh found a letter rolled up and tied to the branch of one tree in a bundle from Quebec.

The letter was written by Gerry Poole, Shannon post office, Co., Portney, and read:

"Dear friends:

"I am only a little boy ten years old and very poor. Sometimes Santa forgets us and passes us by. For Christmas I wish we could have something, but as it is we are all small and can't have enough to have a real Christmas.

"I have a brother three years old, one five years. My sister, 18, is sick and can't work. One is 12.

"So it seems hopeless this year. Cause mother is all we got. Father is dead and she is trying to keep us all.

"But it is so hard on the farm to take care of animals and our farm is run down. All moss and rocks. So someone please help us . . ."

Coffee is first reported to have been found growing wild in Abyssinia, but the growing of coffee and its use as a beverage is believed to have started in Arabia.

CHURCH NOTES

Morning worship, 9:45, Rev. Hugh Snodgrass; Sunday school, 10:45, Kenneth Reed, supt.

The Adult class and Dorcas society met Saturday evening at the church in a joint Christmas party. A short business meeting was held by each organization, with the Dorcas drawing for their Secret Pals for the coming year. Later an exchange of gifts was made and lunch was served by Mrs. Sara Mae Alborn, Mrs. Gertude Houk, Mrs. Laura Alford, Mrs. Ora Sickafuse and Mrs. Frances Bowden. There were about 30 in attendance. Rev. and Mrs. H. G. Snodgrass were special guests.

The Junior class of Neshannock church will have their Christmas party Friday evening at the home of Mrs. Clarence Bowden on the State road.

The Primary Christmas party will be held Friday evening at the home of Mrs. Dale Zeigler.

Mardi Gras Will Be Vastly Restricted

NEW ORLEANS, Dec. 21—(INS)—The New Orleans Mari Gras will be held in February, but will be vastly restricted due to the tense international situation.

The 12th Night Revelers, the organization which traditionally launches the season of lavish balls and parades on the 12th night after Christmas, announced cancellation.

The oldest and largest of the mystic krewes—Rex, Comus, Proteus and Momus—likewise called off their 1951 festivities.

Some 60 smaller organibzations, however, including several of the newer street procession groups, will carry on.

Mobile, Ala., Dec. 21.—(INS)—Mobile Mardi Gras officials today called off the 1951 pageant.

President A. L. Staples said the Korean and world situation and the national emergency declared by President Truman "makes it incumbent upon us to cut out as much frivolity as possible and get down to the serious business of getting ourselves prepared for what may face us in the future."

COMPILES ANNUAL REPORT

CAPITALISM

Nothing is superior except by comparison

WHEN we compare the conditions of nations and people in anti-capitalistic countries with the security, prosperity, happiness and well-being of our people under United States capitalism, we appreciate our privilege of living in a capitalistic, democratic country.

The basic principle of the free, capitalistic system which we have developed in our country affords opportunity to the individual who is willing to use his talents to the extent of his ability and desire to produce—to accumulate something for investment in a home, a farm, in savings accounts, bonds and other securities, life insurance, the education of his children, and comforts of life—and become a capitalist.

The following facts give us a deep appreciation of what capitalism has done and is doing for our country and its people.

Private capital in the form of taxes and purchases of United States Government Bonds made it possible for us to spend three hundred thirty billion dollars in carrying out our part of the program in winning World War II. This, of course, is unimportant when we consider the loss of life and permanent and partial disability which our youth sustained and which cannot be measured in dollars.

Our participation in World War II has left us today with a national debt of two hundred fifty-seven billion dollars, but on the credit side we find that our annual national income, at the current rate, is equal to 90% of our total national debt. Of this total national debt, thirty-nine billion dollars are in treasury obligations owned by Government agencies, so our net debt is slightly over two hundred eighteen billion dollars.

The United States free enterprise business system is operating at its highest level, furnishing employment to sixty-two million people at the highest hourly and weekly earnings ever recorded. Stockholders and corporations, after paying the highest peacetime taxes in the post-war years, have had the highest net average earnings in history from their investment.

Our farmers had cash income from marketing last year amounting to twenty-seven billion five hundred million dollars, the highest on record.

Total farm assets of our country amount to slightly more than one hundred twenty-seven billion dollars, against which there is an indebtedness of only twelve billion four hundred million dollars. Thus our farmers have ownership equity of over 90 per cent in their farms.

In non-farm homes, counting apartment buildings with four or less families, and all valued at a total of two hundred billion dollars, our home owners have an equity of one hundred fifty-eight billion dollars—a substantial ownership of 79 per cent.

Therefore, as a result of the opportunity provided by our free-enterprise capitalistic system, the people of our nation have a free and clear ownership in their homes and farms of 83.4 per cent.

Our people have savings of more than one hundred thirty-six billion dollars in government bonds and savings accounts.

An additional ninety-seven billion dollars are on deposit in commercial bank accounts.

Our men and women have a cash investment of sixty billion dollars in life insurance policies.

A high percentage of our working people are provided with unemployment insurance, sickness, accident and retirement benefits, financed by employers, employees and government. Others who are not covered by these plans and who find themselves in need are provided for by governmental and social institutions.

We are increasing our efforts to improve the standard of living of the people in the lower income brackets.

The United States, with only six per cent of the world population and seven per cent of its land area, under its democratic, capitalistic system, before World War II, produced forty-seven per cent of the world's manufactured goods, but what is more important, ninety per cent of that production was consumed within our own borders. Today we are producing over fifty per cent of the world's manufactured goods, of which a substantial percentage is for other countries.

Capitalism is backing freedom of worship and providing increasing educational opportunities by constantly giving more and more support to the two things upon which our democratic, cultural civilization depends—spiritual and educational values.

We have a permanent investment in churches and schools of eighteen billion five hundred million dollars and are spending annually eight billion dollars for religious and educational purposes.

Membership in the churches is increasing at a much faster rate than the increase in the population, and in our Sunday Schools at an even greater rate.

In the past thirty years, elementary school enrollment has increased 13.5 per cent, high school enrollment 146.1 per cent and college and university enrollment 351.6 per cent.

Our public school expenditures per pupil enrolled have gone up from $48.02 in 1920 to $132.06 in 1947, or 175.0 per cent.

Since 1920 the population of our country has increased 43 per cent and the investment in school and college equipment has increased 571 per cent.

Since the beginning of our industrial and scientific development in the early 1800's, the capitalistic system, due to individual freedom, initiative and ingenuity, has given the world more of the comforts and conveniences of life than mankind had received in the previous 5000 years of civilization.

Under this system our people as a whole are happy and united, are increasing their capital and enjoying a fuller spiritual, cultural and material life.

Today our scientific and industrial knowledge and experience in the various fields of peaceful activity are open to the rest of the world, and in this respect we have joined with other like-minded nations in contributing to the technical assistance program of the United Nations.

No nation, no individual, no venture, no private or public institution, no program for the welfare of people can progress without capital.

It is each individual's duty to contribute to the preservation, protection and improvement of our democratic civilization on a basis which is sound and fair to all our people.

Captain L. E. Weston Awarded Silver Star For Korean Action

Captain Logan E. Weston, of New Bedford, has been awarded the Army Silver Star for gallantry in action, it is announced by the United States War Department.

Captain Logan is a member of the 25th Infantry "Tropic Lightning" division, which has been in combat in Korea since early July, under the leadership of Maj. Gen. William B. Kean.

The award says:

During an all day attack by the enemy, Captain Weston led his unit with notable courage and skill. Despite the heavy artillery, machine gun and small arms fire, he moved among positions, better to direct fire and lend encouragement to his men. When tanks threatened penetration of the area, he personally led a patrol to stop them. Covering a tank with rifle fire, he kept it closed while a rocket could be fired to immobilize it.

When one of the tanks located the position and it laid direct fire from a range of 25 yards, a near hit stunned and deafened Captain Weston. He stood up in the face of the fire to operate a launcher which, however, was put out of action by several hits before he could fire it. Having sent for more rockets, he kept the tanks pinned down until the rockets could be launched. He personally closed in and set fire to the tanks. Only after he had rallied his men and effected their safe withdrawal, did he submit to treatment of his wounds which, together with temporary loss of hearing, necessitated his evacuation.

Captain Weston's exceptionally heroic and vigorous leadership, remarkable stamina and dauntless will to fight are in keeping with the highest traditions of the military service.

WEDDING AWAY FROM HOME

"I am being married at the home of my fiance's sister. I should appreciate advice as to whether I should wear a hat or a short veil. I am going to wear a light blue afternoon dress and I am having one bridesmaid. Since I am not being married in my home town, I am using the home of my future sister-in-law. (2) Please advise me in connection with the groom's expenses and mine. (3) Are there any set rules in connection with a home wedding which is to be very informal?"

Answer: (1) If you will marry in an afternoon dress, you may wear a short veil such as worn by many bridesmaids, preferably one matching your dress, draped on a calot. Of course, if you wish you may wear a bridal dress and finger tip veil at your informal home wedding.

(2) Bride's Expenses: All of her clothes and linens included in her trouseau; all costs of invitations and announcements; her gift to the bridegroom, if she chooses to give him one; her gifts to her attendants, as well as their bouquets (which may be a gift from the bride's mother); all expenses incidental to the reception, such as music, decorations, refreshments, and rental of hotel rooms for reception purposes.

Bridegroom's Expenses: The bride's engagement and wedding rings, of course; a wedding present for the bride, which should be something for her personal use; corsages for his own mother and the mother of the bride; his bachelor dinner; the marriage license fee; gifts to the best man and the ushers, as well as their wedding ties, gloves, boutonnieres; his own boutonniere; the clergyman's fee; the bride's bouquet; all expenses of the wedding trip, including the automobile conveying him and his bride to the railroad station. Frequently the bridegroom rather than the bride's mother supplies the bridesmaids' bouquets.

(3) See tomorrow's installment for arrangement of the room for a home wedding.

Woman Has Leg Broken Due To Fall

Mrs. Helen Davis, aged 20 years, of R.D. 7, Mahoningtown, was admitted to the Jameson Memorial hospital for treatment at 6:45 p.m. Tuesday.

Mrs. Davis suffered a fracture of the lower left leg, when she fell on the icy roadway in front of her home.

ARSON CHARGE MADE

CARLISLE, Pa., Dec. 21—(INS)—A charge of arson has been filed against John Esterline, of Camp Hill, R.D. 1, for a December 12 blaze in a vacant bungalow that broke up the annual banquet of the West Shore Fire Chief's Association.

State fire marshals investigated the fire after a smell of kerosene was detected. Esterline, owner of the damaged structure, lives 200 yards away in another bungalow.

Deny Report Poison Gas Being Used By Red Chinese

TOKYO, Dec. 21.—(INS)—An intelligence officer at Gen. Douglas MacArthur's headquarters declared tonight that there is no knowledge of Chinese Red troops having used any poison gas in Korea.

The official said grenades hurled by the Chinese in the Hangnam beachhead battle on Korea's northeast coast gave off smoke which may have been similar to tear gas. He added:

"As far as we know, the Chinese are not using poison gas."

The Tokyo headquarters official made his statement in commenting on a report received from intelligence officers of the U. S. Army's Third Division at Hungnam.

The latter had said the Puerto Rican 65th Regiment, attached to the American Third Division, had been hit during the Hungnam beachhead fighting wth grenades which, upon bursting, released a gas of an undisclosed nature.

GENEVA COLLEGE STUDENTS NAMED FOR WHO'S WHO

Twelve members of the Geneva college senior class have been selected te represent Geneva in "Who's Who Among Students in American Colleges and Universities".

They are, in the foreground: Sue Boyde, Rochester, and Ruth Petras, Beaver Falls; left to right, Albert Miller, Beaver Falls; Barbara Cleland, Beaver Falls; Mike Sparsis, Larnaca, Cyprus; Charles Fuget, Rochester; Wendell Butler, Mount Jackson; Ray Joseph, Hopkinton, Ia.; Paul McCracken, Topeka, Kans.; Pat Hornstein, Aliquippa; Mary Drogus, Beaver Falls; and Phyllis Sahli, Beaver Falls.

COEUR D'ALENE, Ida.—A tavern manager on the Idaho-Washington border reported the loss of 160 silver dollars. Several days later he received in the mail an envelope containing nine $20 bills, a $20 bonus.

No Clues To Woman's Disappearance In Pittsburgh Week Ago

PITTSBURGH, Dec. 21.—(INS)—Police today were without a single solid clue to the mysterious disappearance a week ago of Mrs. Constance Willcox, wife of an Army captain fighting in Korea.

Mrs. Willcox, 27, mother of a three-year-old child, disappeared last week when she went to mail Christmas gifts at the post office.

Meanwhile, Red Cross authorities said the Army has refused Capt. Edwin Willcox, 28, special leave to return to Pittsburgh to aid in the search.

Members of the family told police they believe the young woman is suffering from amnesia induced by mental strain suffered after United Nations forces suffered reverses in Korea.

Louis XVI of France had a cannon which was fired each day at noon by the sun's rays shining through a magnifying glass.

Today's Fashion Flash

By PHYLLIS BATTELLE

NEW YORK, Dec. 21—(INS)—Now they've come up with mix-match jewelry!

America, the originator of "mix-match" fashion, today inspired Parisian jeweler Marc Koven to design a pair of elegant brooches (one for daytime, one for evening), with a set of interchangeable ornaments which can be attached to either.

The brooches are called "Spiralettes" because they're composed of wire twisted round and round into a spiral shape about the size of a 50-cent piece.

The ornaments—which are tiny jeweled figures or hearts—can be slipped onto the outer edge of the spiral and wound inward toward the center. A lady can slip on as many as four of the miniature ornaments, and secure them on the brooch in whatever position she prefers.

Practical aspect is that the jeweled accessories may be slipped on a gold spiralette for daytime, then transferred to a dressier palladium job for evening.

The glamorous Gimmick, now priced at precious figures, will probably be copied in costume jewelry before 1951 is out of swaddling clothes.

Your New Social Security

By MYRON MILBOUER

(Manager of the New Castle Social Security Office)

There is a provision of old-age and survivors insurance known as the "Work Clause." It has to do with conditions under which you can accept your monthly insurance payments while still earning other income.

Before the enactment of the amended law a beneficiary could not accept payments if his other earnings were more than $14.99 monthly. That figure has now been raised to $50.00 a month. Before I discuss this further, however, it is well to point out one significant fact. This amount of earnings applies to wages from employment, or net earnings from self-employment in work that comes under social security. This was so under the original law, but it is well to remember that earnings from most kinds of work are now credited toward old-age and survivors insurance.

Let me explain this by giving an example. Under the old law, a retired, insured worker could operate a shop and still receive his retirement payments. As he was self-employed, there was no restriction on the monthly amount he might earn and still accept his social security check for that month. Now, most kinds of self-employment come under social security. Beginning January 1, Federal old-age insurance is not payable for one or more months if he has net earnings averaging more than $50 a month for the taxable year while substantially engaged in self-employment. In case his net earnings are in excess of this amount, the number of benefit checks not payable will depend on the total amount of his earnings during the year. Beginning in January, he should notify his social security office if he expects his net earnings from substantial work in self-employment will be more than $600 for the year.

If the insured and retired worker is not eligible to accept his monthly insurance check because of earnings from employment or from self-employment, members of his family, entitled to insurance payments as his dependents, can not accept their checks. However, if a member of his family who is receiving monthly insurance payments as his dependent, has more than $50 from employment or self-employment in a month, only that dependent's insurance payment will be stopped.

This $50 maximum on earnings while receiving payments applies only to persons under 75. After that age, any amount of earnings from employment or self-employment in any kind of work will not interfere with social security payments. Both the insured retired worker who is working, and his dependents, may then accept all of their monthly payments under social security.

Tomorrow I shall tell about workers for nonprofit organizations, and outline the provisions of the amended law whereby they may become eligible for federal old-age and survivors insurance under social security.

Supreme Court Allows More Time In Coplon Appeal

WASHINGTON, Dec. 21.—(INS)—Supreme Court Justice Jackson on Wednesday allowed the government an additional month to appeal the reversal of the New York espionage conviction of former government girl Judith Coplon.

Jackson, acting as circuit justice for the New York area, consented to the government's request to extend the deadline for its appeal from Jan. 4 to Feb. 3.

Justice department officials said they wanted to see the judgment of a Washington appeals court in Miss Coplon's earlier conviction before proceeding.

Miss Coplon was found guilty in both New York and Washington of stealing secret government papers. The second U. S. circuit court of appeals reversed the New York conviction on Dec. 5, ruling that the ex-government worker was improperly arrested.

CARVER DAY

HARRISBURG, Dec. 21.—(INS)—January 5 today was proclaimed George Washington Carver day by Gov. James H. Duff to mark the death of the one-time slave boy who became one of the southland's foremost scientists.

Duff pointed out the famed scientist was a pioneer in diversified farming and said "his discoveries in the field of industrial chemistry have benefited the people of all states without regard to race or color.

DELAYS ANNOUNCEMENTS

PHILADELPHIA, Dec. 21.—(INS)—Governor-elect John S. Fine says he will delay announcement of further cabinet appointments until after Jan. 1.

Fine still must name 11 members of his official family. He has selected seven cabinet members, a budget secretary and his personal secretary.

Latest to be mentioned for a cabinet post, that of attorney general, was Judge Robert E. Woodside of Dauphin county, a political protege of Republican State Chairman M. Harvey Taylor.

MERRY CHRISTMAS

"I DON'T HAVE TIME."

The above plaint is all to frequently voiced by persons who pride themselves on having more sense than is indicated by their cockeyed reasoning.

It's human to procrastinate, but to postpone doing the things that you have always wanted to do until such a time when you can spare the time or money or both, is more often than not a mistake. For one thing, our tastes change. You may have had a youthful ambition to do something and cherished the thought for years. When you finally got around to it you not only found it uninteresting, but downright distasteful.

For nearly twenty years a friend of mine had the yen to take a wilderness trip! a trip that would enable him to shake off the shackles of care and worry. He craved to smell the clean odor of fir and pine and honest sweat; do his own cooking and sleep undisturbed under the open sky.

You probably have in part guessed what happened when my friend finally got around to making the trip. At the completion of the first portage he suffered a heart attack. A year later he died. It was later than he thought.

In the climb for whatever is our goal in life one often has a resolve in the back of his mind that some day he will cut loose and begin to do the things that he has always cherished doing. The trouble is that in almost every case one cuts loose too late or not at all.

Another friend of mine is an exception to the rule. For at least a score of years, he has been in charge of the largest government air depot east of the Mississippi. He has steadfastly refused highly flattering offers from Continental Air Lines to take over as an executive vice president. Why? Because on the first of the year he retires to a little place on the eastern shore of Maryland and take time off for living. He says, "You live but once."

We can't for the moment recall the author of the sage "Time and tide wait for no man." However, he had the right dope. Have you ever had a hunch or impulse to do something and then let the chance slip through your fingers? Frequently, we look back in retrospection a bit regretfully or even sadly. The chance of a lifetime lost forever because we chose to procrastinate.

Just the other day some one wrote that we had lost the original concept of Christmas; that we send out our annual batch of cards in return for those sent to us on the previous year. The point that the writer was trying to put across was that it is not worthwhile to keep alive the friendships that must annually be revived. "Peace on earth good will toward men." Stirring words, they. If we can't have peace, at least we can still practice the good will. If you have failed to send a greeting to some one because of something or other, do it now. Obey that impulse. There's still time.

"I don't have time." Poor excuse, that. The only time that it is justifiable is when time for us has ceased to be.

P. S. At this time next week we shall be on our way to the Rose Bowl game and points southwest. If anything worth reporting takes place we'll see that you hear about it. In the meanwhile, MERRY CHRISTMAS. It's later than you think!

NERVES?

Due to a lack of Vitamins B_1, B_2, Iron and Niacin!

Perhaps you are nervous, uncertain, tense, due to a lack of Vitamins B_1, B_2, Iron and Niacin in your system, like Mr. Charles A. Brown, 2804 Harrison, Kansas City, Mo.

Let him tell you how today's great Hadacol helped him by relieving the cause of his distress due to such deficiencies: "I am 50 years old and employed on a job that at times is very much a strain on the nerves. A year or so ago, I begun to have backaches. I also seemed to wake up in the morning with a feeling as though I had a hangover. I have been taking Hadacol now for about 2 months, having finished one large bottle and starting on my second. I can truthfully say I haven't felt as good in ten years. Hadacol has been a Godsend to me and I highly recommend it for anyone who isn't feeling up to par."

Only Hadacol gives you that "Wonderful Hadacol Feeling"—trial size bottle only $1.25; large family or hospital size, $3.50. Recommended by many doctors, money-back guarantee.

Bethany Lutherans To Observe Yuletide

Bethany Lutheran congregation, of which Rev. Paul E. Walthour is pastor, will traditionally observe the holiday season with a series of three special services on Sunday, December 24. During the church school hour at 9:30 a. m. the annual children's program will be presented under the direction of Mrs. Kenneth E. Reitz, primary superintendent. The program will consist of recitations, songs, exercises and a playlet. Donald Kerr will play a trumpet solo, while Sylvia Gustafson will sing a solo. A special Christmas offering will be given for children of the Lutheran home, Zelienople. At the conclusion of the program the yearly treat will be distributed.

At 10:45 a. m. the pastor will conduct a special Christmas communion service and will speak on the theme, "My Wish For You". The church choir, under the leadership of Mrs. Walter Glenn and Mrs. Walter Bender, organist, will sing "Angels O'er the Fields Are Flying". Dr. J. H. Miller will assist Rev. Walthour in the communion service.

At 11 p. m. the congregation will gather for the annual Christmas eve candlelight service. Rev. Walthour will preach on the subject, "Another boy", and the church choir will sing a special medley of Christmas favorites. Preceding this service, Bethany's carolers will sing at the Almira home, the County home, the Margaret Henry home, Jameson Memorial hospital, New Castle hospital and at the home of Dr. and Mrs. J. H. Miller.

In keeping with the season the church has been beautifully and artistically decorated. Christmas baskets also are being sent to the aged members of the church, the shut-ins, and young men of the congregation who are overseas.

ETERNAL LIGHT

BLOOMFIELD, N. J.—Theoretically, a light bulb could be designed which would burn continuously for a thousand years, engineers say. But it would be useless for lighting purposes since it would probably give less illumination than a firefly.

Huge Increase In Civilian Employes By Government Near

WASHINGTON, Dec. 21.—(INS)—The defense department announced today that the huge supplemental money bill now before Congress is expected to increase the civilian employment of the military services by 218,366 persons.

The increase would be from a present employment of 1,045,697 to a total of 1,287,063 for the army, navy, air force and defense department.

The army would add 132,000 civilian employes in all parts of the world, the navy would add 37,000, the air force would employ 49,000 and the office of the secretary of defense would employ 366 if the money is granted.

Margaret Henry Home Scene Of Sponsors Party

Wednesday evening the Margaret L. Henry Children's home was the scene of what well might be called a "Now I Know You" party.

It was the time for the sponsors and the children whom they are sponsoring to meet. From observation it can be said that none was disappointed.

Upon arrival, anxious glances were exchanged from both sides. Somehow, one could not help feeling that the sponsors were, if possible, more excited to learn just which young person it was their good fortune in which to become actively interested.

Mrs. Lida Green, mother of the Home, was introduced, as was Miss Bertha Patterson. Mrs. Green then had the children give, in part, the Christmas program which they had prepared.

Christmas carols were sung by the entire group of children, with some taking solo parts. Clever readings were given. Following this, Mrs. Frank Christofer, chairman of the sponsors committee, introduced each sponsor to his particular child and a "get acquainted" period followed. The entire group was then invited to the dining room, which was attractively decorated in the Christmas motif, and were served refreshments.

At the close of the evening Mrs. Richard Marquis, acting president of the Margaret L. Henry Children's home auxiliary, addressed the sponsors, and asked all to cooperate. She stated that the rules are very simple. No sponsor is responsible for the welfare of the children. Sponsors are merely asked to remember the children at Christmas, on their birthdays and at Easter. Cards may be sent at any time.

Mrs. Marquis asked the sponsors to accept the responsibility in the true spirit of creating happiness for all and pointed out that it is not fair for one sponsor to do more for a child than the others. Whenever a sponsor is in doubt, he may contact Mrs. Green at the home.

The sponsor idea is entirely new for the home and is but one of the many plans the Margaret L. Henry Home auxiliary has set up for the future.

It is the aim of the auxiliary to see that each child is sponsored, and at present each child has a sponsor. A waiting list is desirable to assure each new child admitted to the home immediate sponsorship. Anyone desiring to become a sponsor should not hesitate to contact Mrs. Frank Christofer, chairman. Mrs. Christofer and her committee were largely responsible for the success of the evening.

Program Given At County Home

Gifts And Treat Given To Over 200 Residents

Residents of the Larence County Home on the New Castle-Ellwood road, were cheered Tuesday evening, when the annual Christmas program under the supervision of the chaplain's auxiliary was presented to the members.

Resplendent in its holiday attire, was the home chapel which was decorated by a Sorority of Westminster college. The beautiful tree, the ornamental fire place and accompanying holiday symbols presented a homey wholesome atmosphere which brought gladness to the large audience of the folks of the "home by the side of the road."

Program Opens

The program of the evening opened at 7 o'clock under the direction of Rev. Everett Spring who led in a period of carol singing which was thoroughly enjoyed by the group. Woodson W. Collins read the Scripture lesson, followed by the invocation given by Dr. Robert M. Patterson of the Central Presbyterian church. Rev. Spring, pastor of the Wesley church, accompanied at the piano by Miss Edith Moore, favored with "Glory To God In the Highest" as a vocal solo, later singing "Silent Night" as the audience hummed for a background effect.

Rev. Spring brought an effective Christmas address to the assemled group, with the talk carried to those hospitalized in the home by means of the public address system. He encouraged his audience to have hope, that the Christ of Bethlehem still lives today and can live in the hearts of men and women if they but invite Him in.

Santa Claus Appears

Santa Claus, protrayed by Arthur Pierce, appeared on the scene and through the courtesy of the Salvation Army, presented brightly wrapped packages of fruit and candy to each resident of the Home numbering over 200. To conclude the program, a treat of cake and ice cream was presented to each resident, served by the chaplain's committee and their assistants.

Responsible for the success of the occasion was Mrs. David Nesbit, chairman, and her co-workers, Mrs. Joel McKee, Mrs. Jesse N. Kerr, Mrs. C. E. Aiken and Mrs. Joseph MacKenzie. Others assisting in the preparing and serving of the lunch, were: Mrs. Clare M. Lutz, Mrs. Marion Smith, Mrs. R. E. Johnson, Mrs. Lloyd Gill.

Mrs. Olive Bollinger, superintendent of the Home, proved a pleasing hostess to the visitors. She escorted the women to the various wards of the hospital where the patients were given a treat. The trees for the home were donated through funds given to the chaplaincy committee through the Alliance Tabernacle and the Salvation Army, along with other interested individuals.

Members of the Beta Sigma Phi Sorority of Westminster, trimming the tree, included: Mr. and Mrs. Paul Reed, Mrs. Robert Falen, Mrs. Forest Florida, Mrs. Donald Copson, and Mrs. Howard Frew.

State Capitol

First Blows In State Battle

Democrats Given Dressing Down By Recent Candidate

HARRISBURG, Dec. 21.—(INS)—First blows have been struck in what may turn out to be a slambang battle for control of the state's Democratic party . . . Defeat-rankled party leaders had the wind knocked out of them momentarily when the 107 Democratic members of the general assembly sat through a 10 minute dressing down by Richardson Dilworth . . . The Philadelphia city treasurer made it plain that his defeat for governor in November was not going to force him into a corner in party affairs . . . Old line party men regained their momentum shortly after Dilworth's verbal assault, and House minority leader Hiram G. Andrews, of Cambria, issued a blistering reply . . . Additional disquiet was indicated between the Pittsburgh and Philadelphia organizations and rural party units . . . Veteran democrats had opposed selection of Dilworth as a candidate in the first place because they considered him an upstart . . . Now observers are wondering what proportions a rift will reach between supporters of Dilworth and the more conservative old-timers.

A rise has been noted in the number of school teachers in Pennsylvania who have completed four or more years of college preparation . . . Statistics compiled for the 1949-50 school year reflect a "substantial and consistent increase in the number of teachers with more extended preparation" according to Dr. Henry Klonower, state director of teacher education and certification . . . Fifty-eight per cent of the state's teachers had completed four or more years of post-secondary school work in 1949-50, Klonower said . . . Only 7.7 per cent of public school teachers in 1920-21 could claim the same qualification . . . Klonower says this reflects "the results of the cooperative effort on the part of teacher education institutions, administrators, school boards and teachers themselves in the effort to improve the instructional service in the public schools."

Gov. James H. Duff, who has a well-founded reputation for strong-mindedness, refuses to pose for an oil painting which is to be placed in a wall panel of the governor's office along with other paintings of past chief executives . . . "I couldn't sit still for hours posing," the governor said, "so I'm giving the artist a picture and he can paint it from that." . . . The paintings even include one of State Supreme Court Justice John C. Bell, Jr., who served probably the shortest term of any governor . . . As lieutenant governor under Gov. Edward Martin, Bell was in office from January 2 to 21, 1947, to fill the vacancy when Martin resigned to take office as U. S. Senator . . . Martin wore his Army uniform when his picture was painted . . . He held the rank of major general as commander of Pennsylvania's 28th Infantry Division before elected governor . . . Duff, who is well versed in the history of Pennsylvania, pointed to the paintings of Benjamin Franklin and William Penn and said, "they're the two greatest men the commonwealth ever produced." . . .

The state game fund is enriched by thousands of dollars each year from persons who fraudulently attempt to collect bounty on predatory birds and animals . . . A claimant is required under oath to state when and where he took the predator . . . Justices of the peace, notaries public and game protectors use an official form on which is printed in large red letters: "Wait! Be sure all statements are correct." . . . The Game Commission, giving law breakers the benefit of the doubt, warns: "Claimants who are ignorant of the law or who are simply careless about the facts to which they swear could avoid penalty by reading the information and cautions on the bounty affidavit."

SIGHTLESS ARE GUESTS OF LIONS

(Continued from Page One)

Jacob F. Rentz, president of The News, whose cooperation made the event possible. In behalf of the club, he announced that Mr. Rentz has been elected an honorary member of the club for life.

George F. Winter, chairman of the sight conservation committee, and past president of the club, was introduced by Mr. Helmick. Mrs. Olive Bolinger, superintendent of the County Home, who was present with 12 residents from there, was also introduced, and expressed her appreciation of the work done by the Lions for the sightless, and also expressed the thanks of those from the home who were guests.

Ladies Give Gifts

Mrs. W. Roscoe Clement, chairman of the sight conservation committee of the Ladies of the Lions, assisted by the members of her committee, then presented each blind guest with a Christmas gift, which consisted of a purse containing a sum of money. She was assisted in the preparation and distribution of these gifts by Mrs. Frank C. Clobus, co-chairman, Mrs. Jay Rudolph, Mrs. Paul G. Dingledy, Mrs. Joseph L. Moretto, Mrs. Claude Jenkins, Mrs. Ralph Sacripant and Mrs. Robert Moorhouse.

Musical selections were rendered by Joseph Kossinski, arcordionist, and Bobby Kwiat, boy soprano, who delighted the crowd with their presentations. Group singing of Christmas carols was led by Leonard Nicholas, with Harry Hammond at the piano.

The program was concluded with the benediction by Rev. Fr. Hovencamp.

GI'S GIVE A HELPING HAND

—Acme Telephoto

NORTH KOREA—Withdrawing GI's take time out to help Hamhung refugees right an overturned ox and cart. The animal bolted from the side of the road when tanks passed on their way to the evacuation port. At present, waves of Chinese Reds are rolling into the wrecked northeast Korean city of Hamhung after American infantrymen surrendered half of their beachhead around the escape port of Hungnam, Hamhung's twin city.

HUGE FORCE OF REDS BESIEGE HUNGNAM

(Continued from Page One)

fought to a halt. But other North Korean units seized Kaesong on the main rail-highway route to Seoul and thrust within 30 miles northwest of the capital.

Movements Are Slowed

Late front dispatches quoted field commanders as saying the movements of Chinese and Korean Communist troops had been slowed by casualties of 10 to one in relation to United Nations manpower losses.

This followed an announcement by Gen. Douglas MacArthur a few hours earlier that the UN's non-Korean troops — predominantly American — had suffered nearly 13,000 casualties in the 15-day period up to December 12.

The announced 10 to one ratio indicated a total of at least 130,000 casulaties for the enemy in the same period.

To replenish their deeply depleted forces, the Reds hurled heavy reinforcements into their costly effort to overwhelm the little U. S. 10th Corps beachhead on Korea's northeast coast.

A front dispatch quoted Maj. Gen. Robert A. Soule, commander of the U. S. Army's Third Infantry Division, as estimating that "probably 110,000—mostly Chinese" Red troops are within striking distance of the compressed Hungnam defense arc.

Closing in on Port

Gen. Soule said three Communist army corps—each composed of about 36,000 troops—were closing in on the beleaguered port of Hungnam from three directions.

The dispatch, received at 10:10 Thursday night (8:10 a.m. EST), said American Third Division troops blew up the last bridge in the Hungnam area as the epic beachhead struggle neared a climax.

The stream which had been spanned by the demolished bridge was however frozen over, permitting men and light vehicles to move across over the ice.

In their biggest demolition job of the war, the Third division engineers used three tons of explosives to blow up the several spans of the steel and concrete bridge which fell into the river in a mass of twisted rubble.

The last man to cross the bridge before it was blown up was Sgt. B. F. Atkins of Birmingham, Ala., a front dispatch said. He had inspected the planted explosive charges just before they were set off.

Ring Beachhead with Shells

U. S. Heavy cruisers and destroyers as well as carrier planes ringed all approaches to the narrowed Hungnam perimeter with day-an-night torrents of lethal shells, bombs and incendiaries. This hindered the Red troops and, at last report, the defense arc was still unbroken.

On the peninsula's opposite side far to the southwest, a North Korean Red column thrust two miles south of Parallel 38 and occupied the hub of Kaesong. It was from that South Korean city that the U. S. First Cavalry Division had launched last fall's drive into Korea. Southeast of Kaesong, south Korean patrols clashed with Red units less than 30 miles northwest of Seoul.

Thirty-six air miles due north of Seoul, airmen reported a massive concentration of Red troops in a snowy 25 square mile area near Yonchon.

Library Serves Many Local Patrons

Among the patrons to whom the Public Library extends its holiday greetings this year are many new borrowers recently added to the library register.

Some of these are long-time residents of the city who have just discovered that the library can serve their needs, and others are new-comers to town. Some say "I haven't borrowed a book since I was in school" and make the happy discovery that the library ministers to their grownup needs in books as well as providing them with the "required reading" of their student days.

To all of them the Public Library extends its best wishes for a pleasant Christmas and a Happy New Year. The library is free for use to any resident of New Castle. For boys and girls, aid is always available for selecting books, and a weekly story hour is conducted. The bi-monthly forum on great books is open to all. The poetry group is sponsored by the Public Library. A weekly broadcast on WKST is another feature of your Public Library.

Be assured that during the months to come your Public Library will do all in its power to make your year a happy one.

Eagles Auxiliary Has Yule Party At Henry Home

Thirty-five ladies of the Eagles Auxiliary were present at their annual Christmas party for the children of the Margaret Henry home, Tuesday evening.

Forty-one eager children, their eyes glowing, watched the movie of the Ice Capades of 1951, and the films of The Toy Shop and Santa's visit on Christmas Eve. The small fry sat in rapt attention as they watched Santa make his toys and pack his sleigh with the help of his three tiny elves and many an "oh" and "ah" was heard as the toys came to life and danced and marched in a child's dream.

Jacob DeFonso was heartily thanked by the children for his kindness in presenting the movies for them.

Another feature was the singing, playing and impersonations of Miss Wilma Heckart, a great favorite of the children and asked for and eagerly awaited for every Christmas.

Mrs. Orpha McConnell, president of the Eagles auxiliary, presented gifts to Mrs. Lida Green, matron of the home and Miss Bertha Patterson, assistant matron.

Everyone was invited to the dining room for a delicious lunch prepared by the ladies of the Eagles. Mrs. Cecelia Jackson, chairlady for December, had as her aides Mrs. Clara DeMatteo, Mrs. Ruby Thompson, Mrs. Mary Matey, Mrs. Julia Cletta, Mrs. Orpha McConnell, Mrs. Adaline Navarra. Mrs. Dorothy Skuba, Mrs. Mabel Herberg, Mrs. Georgia Hurst, Mrs. Dorothy Skuba, Mrs. Dorothy Heckart, Mrs. Kathryn Williams and Mrs. Helen DeFonso.

Following lunch the time was spent in social chat by the ladies and Miss Heckart and the children of the home sang Christmas carols.

The auxiliary's gift to the children was five crates of different kinds of fruit.

Everyone present spent a most enjoyable evening and the extending of the season's greetings ended another wonderful Christmas party.

Progress Shown By Methodists In Area Evangelism Program

Definite progress is being made by district Methodist pastors in their all out evangelism program which will be conducted by Erie Conference from February 2 to 11, culminating with a mass meeting in the Cathedral, February 11.

A group of enthusiastic Grove City pastors have returned to their homes from Franklin, where they attended a planning session and were given instructions how to organize the local church for effective visitation, evangelism and preaching programs. Workbooks were given out to the pastors, outlining their duties, giving pertinent information relative to the evangelistic program.

Among the outstanding church leaders heard at the planning session were: Thomas E. Colley, executive chairman and superintendent of the Meadville district; Thomas H. Morris, superintendent of the Grove City district; Eugene E. Golay, director of Erie Conference evangelistic advance and Dawson Bryan, visitation evangelism director. C. Lloyd Daugherty, Jr., of the Pittsburgh Conference Evangelistic Advance, likewise was heard.

Bishop Lloyd C. Wicke is general chairman of the advance which will include: a school of evangelism for ministerial instruction; a local church program with a week of evangelistic preaching and visitation evangelism; a program of district youth and victory mass meetings and a Christian impact on the community as a whole during the meetings.

The accelerated program is expected to add many to the church rolls through a personal confession of faith in Jesus Christ.

Girl Scouts Sing Carols

Girl Scouts of the New Castle Area will again participate in singing carols this year, caroling being a tradition with this council for many years. The girls will meet this evening at 6 o'clock at the Y.W.C.A., where they will be transported by bus to the Jameson Memorial hospital, the New Castle hospital, the Lawrence County home and the Almira home. A gift will be presented at each place, where the girls sing.

Bank Robber Is Given Probation

CAMBRIDGE, Mass., Dec. 21.—(INS)—The pretty young woman who persuaded her husband to give himself up to police after he robbed a Lowell bank in desperation, won him back from the law today.

Arthur T. Cuccurello, 31, was let off with probation for two years in Middlesex Superior Court after District Attorney George E. Thompson asked that the young father be allowed to return to his wife and son "especially at this season of the year."

It was the first time in the memory of courtroom observers, that a bank robber had been freed on probation in Middlesex Superior Court.

Cuccurello held up Miss Nina Clare, 21, a clerk in the Lowell Five Cents Savings Bank, and escaped with $1735 last Thursday. He became conscience-stricken and surrendered 10 hours later to Lowell police.

An unemployed landscape gardener, the youth came to Cambridge three weeks ago with his family from his home in Asbury Park, N. J., after he lost his job there.

Second U.P. Church Pageant Presented

"Thy Light Shineth," a pageant, was presented Sunday evening at Second U.P. church to a large number, in fact some were turned away because the seating capacity was not great enough. It has been suggested that next year the pageant be presented twice on the same night. The pageant was introduced very effectively by a group of carolers.

By means of scenes, portraying Biblical characters and Christian leaders in all ages, the pageant spoke of the coming of the Light of the World and the radiance of that Light as it has been carried throughout the world. The scenes follow: Prologue by the carolers; pilgrims and prophets; Zechariah in the Temple; Annunciation; Mary and the Babe; shepherds; Herod's Court; the Adoration. The pageant, made possible by the cooperation of a large number of individuals and organized classes in the Bible school, was under the direction of Mrs. James VanGorder and Miss Marion Campbell.

The senior choir and the crusader choir participated under the direction of Mrs. George Strehler. Miss Margaret Weir was at the piano, while Mrs. Jacob Jordan presided at the organ.

The service concluded with a very impressive candlelighting service. As the White Gift was received, the light followed. This is symbolic of the church — whereever the church gives their offering unto God, the Light shineth brighter and brighter.

The next phase of the Christmas program at Second church will be the showing of the "Living Nativity Scenes" which may be seen on the church lawn Saturday and Sunday evenings.

Castlewood Church Program Arranged

Sunday school of the Castlewood Holiness Tabernacle, where Rev. Victor Paul Bergman is pastor, will present the annual Christmas program on Friday evening at 7:30 o'clock in the basement of the new tabernacle. Mrs. James S. Workman is in charge of the program, assisted by Mrs. Ray Shields. Mrs. Helen D. Wilson will preside at the piano.

MENTAL THERAPY

NEW YORK—Medical science for many years has recognized the psychological value of painting and other hobbies in helping to bring patients through long periods of illness. Fresh evidence of just how effective this sort of mental therapy can be is on view in New York City. There, patients and staff members of the Memorial Center for Cancer and allied diseases are exhibiting examples of their painting, sculpture, photography and handicrafts.

Harrisburg Host To Biggest Farm Show In Years

HARRISBURG, Dec. 21—(INS)—Hundreds of thousands of Pennsylvanians will swarm into Harrisburg the week of January 8 for the biggest State Farm Show since State Fairs had their inception in the Keystone State 100 years ago.

At least five all-time records will be broken when the doors open on The Agricultural Exposition which will run five days and four nights.

An all-time high of $54,476 in premiums sets one new mark, along with the largest livestock, dairy cattle and full line farm machinery displays in the show's history and an all-time record number of 9,770 cash awards.

Pennsylvania breeders will enter 1,734 head of horses, beef and dairy cattle, swine and sheep in the livestock show. An entry list of 565 dairy cattle in a special display also is reported.

New events this year will be a state-wide championship sheep shearing contest for farmers, a farm youth safety tractor driving demonstration, a trapping and wildlife demonstration and a sheep dog demonstration.

More than 4,200 birds will be entered in the poultry show.

Show Is Educational Feature

The farm show is sponsored by the Commonwealth each year as an educational feature to advance agriculture in Pennsylvania.

An investment of two and one-half billion dollars is tied up in Pennsylvania farms and Keystone State farmers receive an annual cash farm income of $768,000,000.

Farm show officials expect 500,000 visitors at the 1951 show. They expect them to come from most of the states and from many foreign countries.

Gov. James H. Duff will open the show Monday evening, January 8.

A State Police exhibition of horsemanship then will take place before 10,000 spectators in the vast farm show arena.

"Song of a Century," a rural talent festival, will be the Tuesday night arena event, with this program following:

Wednesday—horse pulling contests.

Thursday—livestock calvacade, state championship horseshoe pitching, log sawing and shearing contests.

Judging of livestock will start Monday morning in the arena with crowds of 5,000 to 7,000 observing horse and cattle placing each day.

Emphasis on youth will be provided by more than 1,000 members of 4-H clubs, 1,000 future farmers of America and 600 future homemakers.

Mrs. Jay L. Reed To Assume New Duties

Mrs. Jay L. Reed has accepted the position as organist of the First Presbyterian church, Ellwood City, where she will assume her new duties on January 1.

Due to a recent fire the church building has been remodeled and rebuilt, an entirely new organ having been installed.

After serving as organist of Highland United Presbyterian church, this city, for many years, Mrs. Reed resigned in 1947.

THE FAMILY SCRAPBOOK

By DR. ERNEST G. OSBORNE

Auld Lang Syne at Christmas

"Should old acquaintance be forgot?" goes the first line of one of our cherished songs. And we do regret the fact that so often we lose touch with our friends who live near or far. The busy lives that so many of us lead make it difficult to keep up with them.

The Christmas season is a good time to renew some of these friendships. How pleased we are to get a long, newsy letter about what has been happening in Cousin Jm's family or to have bits of news directly from the Cartwrights with whom we used to have such good times. If snapshots are included, it's that much better. Such messages are far more acceptable than a fancy Christmas card.

Some of the vacation days that come at the Christmas period may be used to call on friends or to plan good times with those we haven't seen for some time but always enjoy when we are with them.

Yes, tying in the spirit of "Auld Lang Syne" with Christmastime celebration is one way of enriching the holiday experiences we will remember through the year.

Fire Chiefs Talk Over Defense Plans

At the monthly meeting of the Lawrence County Fire Chiefs Association, held at the Perry-Wurtemburg fire hall Monday evening, with President James Messner presiding, plans were discussed for the part the firemen and fire police will have in the civilian defense program.

It was also recommended that a meeting be held between the county firemen's association and the road supervisors of the county for the discussion of mutual problems.

The matter of farm ponds as a means of furnishing water for fire protection was also discussed, and cooperation of farmers will be sought through the grange organizations.

The next meeting will take place on March 19, the place to be decided upon later.

Monday evening's meeting was preceded with a fine dinner of pancakes and sausage, served by the ladies of the Wurtemburg auxiliary.

IT WAS HARMLESS

CORNERBROOK, Nfld. — A small snake found when a crate of bananas was unpacked caused much excitement here. It was sent to St. John's and thence to Toronto, where a museum expert has found it was a small type of boa constrictor, harmless except for its sharp teeth.

GAS?

Due to a Lack of Vitamins B1, B2, Iron and Niacin!

Today thousands have relieved the cause of their stomach distress, gas, bloating, indigestion, heartburn, due to a deficiency of Vitamins B1, B2, Iron and Niacin, by taking Hadacol regularly.

Mrs. May Laney, RFD 5, West Point, Georgia, who was troubled by such deficiencies, writes: "I have been sick for a good while suffering with my stomach. I couldn't eat, rest or sleep. I was so nervous and rundown. I heard about Hadacol and began taking it. I have taken 10 bottles and can eat most anything I want without suffering with gas in my stomach. I can't praise Hadacol enough. It has brought such relief to me. I wish everyone would try Hadacol that suffers with their stomach as I did."

Recommended by many doctors. Trial size bottle only $1.25; large family or hospital size, only $3.50. Only Hadacol gives you that "Wonderful Hadacol Feeling"—money-back guarantee.

WATER BRASH

"Stomach trouble" can mean almost anything. Grandad calls it "Water Brash." Dad calls it "Heart Burn."

Perhaps any trouble in the bread basket should have medical attention.

When everything is working properly hunger is the only sensation.

If there is discomfort for any considerable length of time, it is a good idea to ask the doctor about it. The early symptoms are the important ones.

Too many people fool around with folderol and other so called remedies.

New Castle High Plays Vandergrift Here Friday

Lancers Hope To Snag Cane Winning Streak

Split Even In Games Last Year

New Castle's swelling victory string may be placed at the mercy of Vandergrift, Friday night in the little George Washington gymnasium. The Canes, owning four consecutive non-league wins entertain a Lancer team boasting a four and one record.

Tarentum and Leechburg have both dropped a pair of decisions to coach Oscar Schneider's squad. Ellwood City managed a one point win over Vandergrift, but only after a fourth stanza spurt that netted 17 points.

New Castle split in two games with the Lancers last season, losing 45-52 there, after winning 48-43 here.

Seven players from last year's squad returned to play this season, but only two with notable experience.

Vandergrift competes in section 1-A of the WPIAL.

Shenango Defeated By Hopewell, 53-45

Shenango township high school lost to Hopewell 53-45 Wednesday evening on the Shenango floor in the playoff of a postponed game.

The visitors had too much height for the Wildcats and sewed up the contest in the third quarter when they outscored Shenango 14-5. Eddie Badger again paced the Wildcats in scoring with 18 points.

Shenango won the junior varsity game 50-38, with Dick McCrumb leading scorer with 14 points.

What is it about Boudreau that caused the Cleveland management to become alarmingly allergic to him some seasons back and go from there to his eventual dismissal from the team he so skillfully served as a shortstop and with such distinction as a manager?

All Henrich has to do is give his okay and the New York Yankees will turn over the managership of their Kansas City farm club to him. But Tommy, true to his fighting spirit, turned down the job.

Titans Looking Ahead To Battle With Dukes

Westminster College cagers left today for an abbreviated Christmas vacation but were scheduled to return to the campus for a workout the day preceeding their contest on Dec. 26 with the Duquesne Dukes at Pittsburgh.

The undefeated Titans welcomed the five-day lull in basketball competition following three hard fought contests last week. Two regular starters, Don Meyers and John Abraham, who are nursing strained leg muscles, are expected to be in top condition by the next contest.

The Titans will play three contests during the holiday season. Following the Dec. 26 date with Duquesne the Blue and White will take on the University of Detroit at Farrell on December 30 and then journey to Philadelphia on January 1 to meet St. Joseph's.

In games to date the Titans have won four straight without a setback. Victories have been over George Pepperdine, Carnegie Tech, Maryland State, and Allegheny.

Rams Facing Tough Assignment In Title Contest With Browns

By CHARLES A. PANAMA
(I. N. S. Sports Writer)

LOS ANGELES, Dec. 21—The Los Angeles Rams today begin a hegira to the place of their football birth—Cleveland in search of the National Professional Football League Championship.

The rambuctious Rams board a plane at noon and with the city of the angels wishing them Godspeed will attempt a football feat most clubs have found extremely difficult—beating Paul Brown and his Cleveland Browns.

The Rams won the right to meet the Clevelanders by whipping the Chicago Bears 24 to 14 last Sunday with Bob Waterfield pitching to Tom Fears for three touchdowns and adding a field goal.

Joe Stydahar, the freshman coach of the Rams who earned his varsity letter in the toughest league in football, plans to call on Waterfield and Fears for the brunt of Los Angeles' offensive chores on Sunday.

Should the cold prove too much for the two native California gridsters, Stydahar has Norm Van Brocklin and Elroy Hirsch ready to step up with a pass-and-catch combination of their own.

As a matter of record Waterfield and Van Brocklin form the most potent one-two quarterback combination in football and with such adept receivers as Fears, Hirsch, Glenn Davis, V. T. Smith, and Bob Boyd, the Rams have proved the most offense-minded team in history.

What worries Joe the most is the weather. It is almost certain to be near zero when the two teams take the field Sunday and the gridiron, in all probability, will resemble nothing as much as an ice skating rink.

If ice skates were permitted Stydahar probably would use them. As it is he has consulted every known weather expert, including a couple of swamis, and yesterday announced his Rams would try tennis shoes.

Hockey League Races Close

(By International News Service)

The races in both divisions of the American Hockey League are closer than a Scotchman and his money today.

In the Western Division, the Cleveland Barons hold a scant two-point lead over the up and coming Cincinnati Mohawks.

On the other side of the league, the Hershey Bears are just one point ahead of the Buffalo Bisons.

Hornets Win

Hershey and Buffalo could easily change places tonight when both teams take on two cellar dwelling squads. Hershey goes to Indianapolis and Buffalo visits Springfield.

The Springfield Indians scored three final period goals to beat the Barons, 5-3, last night while Cincinnati whipped Indianapolis, 4-2, Providence shaded St. Louis, 6-5, and Pittsburgh walloped Hershey, 8-2.

County Booster Teams Battle At East Brook

The Mt. Jackson Boosters will offer the East Brook Boosters severe testing Saturday night in a battle of county giants.

Franny Webster, Pat Kerr, Bill Emery and Lyle Fox, will comprise the Mt. Jackson lineup. The Indies recently dropped a close decision to the powerful Universals at the YMCA.

The East Brook Boosters are unbeaten at home, and will engage Mt. Jackson, following the Brooker preliminary game.

The year Boudreau's Indians won the American League pennant and went on to beat the Boston Braves in the world series, Lou played in 170 games at shortstop and batted .355.

Boxer Suffers Brain Injury

Sonny Boy West Fights For Life

NEW YORK, Dec. 21.—(INS)—Boxer Sonny Boy West fought the battle of his life today after a smashing right to his chin in a lightweight match sent him crashing into unconsciousness with an injury of the brain. He was rushed to a hospital where an emergency operation was performed.

The veteran Negro fighter, who dropped to the canvas in the seventh round of a ten-round bout last night with Percy Basset at New York's St. Nicholas Arena, never to recover consciousness, was operated on early this morning for a blood clot on his brain.

Condition Critical

At 8:00 a.m. (EST) the boxer's condition was "still critical" but physicians were hopeful as paralysis had not set in. West's father was reported enroute to his unconscious son's bedside but hospital authorities said he had not arrived as yet.

Dr. Nardiello said that a blood clot on the brain had been removed successfully but that the next 24 hours of the fighter's life would be critical ones.

The odds seemed heavy against West this morning. Last night it was a different story. Then West was a 7-5 favorite when he entered the ring against lightweight Percy Basset.

Universals Win Game At East Palestine

The Universal AA basketball machine rolled to win number eight at East Palestine on Tuesday night against the East Palestine Merchants—66-46. The Potters have yet to meet defeat although their true test will come next week in the "Y" Christmas tourney when the best teams in Lawrence County will participate.

The Potters jumped to a big lead in the opening period and left little doubt about the final outcome. Tanner, Carlson, and Wimer showered the hoop with baskets and the score stood 19 to 4 at the quarter and 30 to 7 midway in the second quarter. Chuck Tanner led all scorers with 19 points and played a fine floor game. Carlson with 15 and Wimer with eight followed in the scoring parade. Coach Nick Gennock used all the players freely and every Universal player broke into the scoring column. Dugan and Fruit led the Merchants with 15 and 14 points respectively.

Business manager, Alex Orlando, announced that the Universal AA is trying to arrange a game with the strong Beaver Falls Legion team of the "All-American" Pro league for sometime in late January.

Paced by Ben Korab, former Union high star with 25 points, the K. Pulaskis handed the Keystone A. C. Five a 67 to 54 defeat last night, at the K. P. Hall, racking up their fifth win of the year.

Mike Covelli with 17 points was also a K. P. star, while Frank Presnar played a fine defensive game.

Friday night the Teddy Kolcz coached Pulaskis will battle the Youngstown Cedars at the K. P. Hall.

Stan Musial May Ask Cards For $100,000 For Services

PITTSBURGH, Dec. 21.—(INS)—Stan Musial chucked back a challenge to Fred Saigh today which may cost the St. Louis Cardinal president a bundle of cash.

Musial, visiting in nearby Donora for several days, threatened to ask for $100,000 to play ball with St. Louis during 1951.

Although the Cardinal outfielder said he hasn't talked contract with the club yet, he was miffed by Saigh's statement that "no player in the country is worth $100,000 per season . . . and this includes Stan Musial."

"This statement is uncalled for," Musial said, "because I haven't talked contract. This doesn't mean I won't ask Saigh for $100,000. I won't until I see what they offer me."

Will Seek Raise

Musial said he made "approximately $50,000 with bonuses" in each of his last two seasons with the Cards and thought he was "entitled to a substantial raise."

"I'm gong to try and get it," he added, "because I'm 30 years old and if I don't get it the next couple of seasons, I never will."

He said he would ask for a one-year contract and would make the same demands if traded. Musial won the National League batting championship last season for the fourth time since he joined St. Louis.

A highly-pleased Bert Bell can be excused today for adopting an "I told you so" attitude about the top-notch quality of pro football this season. The National Football League commissioner predicted before the 1950 pro grid season began that the merging of the NFL and the defunct All-America Conference would result in better and more thrilling football.

Penn State soccer teams were unbeaten for nine seasons from 1932 to 1941, rolling up a record of 65 games without defeat.

PIAA Secretary Edmund Wicht Lauds Fatality-Free High School Football Season In Pennsylvania

HARRISBURG, Dec. 21.—(INS)—The PIAA patted itself on the back today for a fatality-free high school football season in Pennsylvania this year and credited "six casual factors" for the achievement.

PIAA executive secretary Edmund Wicht declared that "good fortune, which admittedly played a part, combined with six of the organization's regulations designed to reduce grid tragedies."

Six Casual Factors

The "six casual factors" which Wicht said "happily contributed to Pennsylvania's freedom from the nation's annual gridiron toll" included:

"1. The mandatory pre-season health and physical examination required by the PIAA of all high school football candidates, plus the recommended checkups by a physician during the playing season.

"2. The constitutional prohibition against any inter-scholastic game, or even inter-scholastic scrimmage, prior to three full weeks of team practice.

"3. Immediate attention by physicians and competent trainers to minor cuts and bruises in an effort to prevent subsequent infection.

"4. The withdrawal, and sometimes permanent benching of injured players, either on the profsssional advice or conscientious team physicians, or the solicitous attitude of coaches who place the welfare of the boys above winning games.

"5. The personal responsibility which registered PIAA football officials feel is incumbent upon them, and their corresponding increased vigilance in enforcing the rules as officially interpreted, and seeing that clean sportsmanship on the field is the order of the day.

"6. The increasing widespread practice of employing four alert officials for a football game instead of three, as was formerly the general custom. This gives greater insurance to the observance of the necessary safety factors so essential in high school football."

Wicht said 13 grid deaths occurred in the nation in 1950, nine of them in high school team practice or inter-scholastic competition.

One death, Wicht reported, occurred in a college contest and the remaining three on sandlots.

Wicht said the grid death rate was one for each 100,000 participants.

ONE OF THE "bonus babies" of baseball, Catcher Frank House of the Detroit Tigers is expected to be sent out for more minor league seasoning next spring now that the bonus rule is being wiped off the baseball books. House, who received an estimated $70,000 for signing with the Tigers, was given some seasoning at Flint, Mich., but spent all this season on the Tigers' bench because he had to be brought up or be open to a grab by other clubs. *(International)*

Cold 'Homecoming' Sunday Will Greet Cleveland Rams

By ADE PONIKVAR
(I. N. S. Sports Writer)

CLEVELAND, Dec. 21. — The erstwhile Cleveland Rams, now operating out of Los Angeles, faced a rugged "homecoming" Sunday when they tackle the Browns for the National Football League title in Cleveland.

Back on Dec. 16, 1945, the Rams brought Cleveland its second NFL crown by edging the Washington Redskins, 15-14, in near-zero weather on the same Municipal stadium field.

Three week's later, Rams' owner Danny Reeves packed up his franchise and moved to the warmer climate of the City of Angels in sunny California, leaving a clear field for the Browns and the ill-fated All-American Conference.

Three Members Left

Only three members of the 1945 team remain with the National division winner, and one of them is the veteran pass-master, Quarterback Bob Waterfield, who played a leading role in that memorable title game five years ago.

Waterfield has lost little, if any, of the magic in his throwing arm, a fact supported by the records this season. However, he is not as in 1945, the only gun in the Rams' high-powered offensive machine which shattered most of the league's records this season.

Equally dangerous in the quarterback slot is Norman Van Brocklin, the former Oregon All-American who took the lead among the NFL's passers this season in his second year with the Rams.

No Standing By

The Browns, of course, are not going to stand idly by while Waterfield or Van Brocklin toss the league's leading pass-receiver, Tom Fears, or the speedy Glenn Davis and Elroy "Crazy Legs" Hirsch.

Tim Temerario, Cleveland end coach who have been scouting the Rams in recent games, will work with Head Coach Paul Brown this week in an effort to strengthen one of the best defensive squads in the business.

All their best laid plans may go well astray, however, if end George Young and fullback Tony Adamle, both tops in defensive abilities, are not able to recover from injuries suffered in the bruising playoff tilt with the New York Giants.

Young suffered a rib separation but is expected to be ready for duty come game time. Adamle has a severe ankle sprain and his chances of seeing action are considered on the slim side.

Not to be overlooked in any size-up of the two teams is the weather factor. The Rams may find the temperature drop from 90 degrees to possibly 20 degrees a little too much for their sun-softened hides.

Stengel Thinks Yankees Okay

Glendale, Cal., Dec. 21—(INS)—Casey Stengel, manager of the New York Yankees, predicted today that the world champions will be "as good as we were last season if the draft doesn't hit us too hard."

Stengel, who flew home after attending the baseball meetings in Florida, pointed out that the Yankees already have lost Whitey Ford, "our prize rookie pitcher last season." He added:

"The way Boston has improved, picking up Ray Scarborough and Lou Boudreau, we're going to have a tough haul."

Stengel plans to take things easy around his Glendale home until the Yankees begin spring training at Phoenix, Ariz., early in March.

In the only other game played last night, Tri-Cities defeated Syracuse, 86 to 83.

HERE and THERE IN SPORTS LAND

THROUGH the efforts of the Lawrence County Sportsman's association, pheasant hunting may be better in 1951 than for some years past. The association proposes to procure 500 pheasant chicks and rear them in Lawrence county holding pens. In addition, they have advised farmers that if they care to arrange proper pens, and raise chicks, they will be paid one dollar upon liberation of the birds at the age of 12 weeks. . . . John Golis who is in his twenty-fifth year as a city bluecoat, once was a basketball star, having played in 1921 with such well knowns as Gus Slovonsky, Johnny Kraft, the late "Horse" Guillium and others. He played for the Polish Falcons, an organization of which he has been a member since 1908. In one game between the Falcons and Farrell, Golis caged 13 foul points from 13 attempts. His son, age 19, has been for two and a half years with the U.S. Navy Air Force, and at present is stationed at Anacosta, Md. . . . Adam Pszenny, Moravia street businessman, recently was elected president of the Polish Falcons, an organization which has always aided moves for the welfare of the city. The Falcons also have been prominent in basketball. Adam says he plans several moves which will bring the Falcons farther to the front.

Eddie Fritz Jr. was elected secretary for the third time, and the organization paid a tribute to Maurice Nielsen by electing him to an officership. He never misses a meeting. . . . According to reports, cafes on the South Side will be closed Christmas Day. . . . He trained in the Old Armory which now houses Benny Rocco's night club. Several days ago he recalled Emil Smolnick. "Smoke Stack" White and other boxers of decades ago. Steve says that when the Red Heads return here next season they'l play the K-P's. At present, the K-P's are without a sufficiently large floor to oppose prominent quintets. . . . Friends are sorry to hear of the passing at Sharon of the mother of Band Leader Benny Jones, a close friend of Frankie Ross, ex-umpire and boxer. . . . Two Injured When Truck Is Overturned

Two men were treated for slight injuries at the Jameson Memorial hospital at 11:80 p. m., Wednesday, sustained when a truck in which they were riding, overturned in Youngstown.

Paul A. Zarilla, aged 23 years, of 229 East Meyer avenue, sustained bruises of the left elbow; and James A. Johnson, of The Coltesville-Hubbard road, Mahoning county, Ohio, suffered bruises of the head.

An inventory on the accomplishments of the young man who inherited collegiate football's toughest assignment discloses that Notre Dame's Jim Mutscheller did an incredible job of replacing the number one player of 1949—Leon Hart.

Stock Market Is Irregular

NEW YORK, Dec. 21.—(INS)—The stock market continued its irregular price fluctuations in continued active trading today. Although a few issues were strong, the majority of active favorites showed no clearcut trend.

Curb stocks were featured by heavy demand for Kaiser-Frazer which opened ⅛ higher on 11,500 shares. Cities Service and Electric Bond & Share were up each.

Big board bonds were generally steady with rails active.

Commodities were lower. Wheat was down 1½ cents a bushel, corn off ½ cent and cotton down 80 cents a bale.
